

TWO DIE IN DESPERATE FIGHT WITH ROBBERS

DIPLOMATS PREDICT BREAK

Disquieting News of Excesses in Albania Worries Europe

Europe Refuses to Grant Indemnity to Allies of Balkan States

LONDON, April 2.—That war between the powers of Europe is nearer was declared by diplomats today when disquieting news reached here of grave excesses committed by the Serbian and Montenegrin troops in Albania. Although the situation in regard to the Balkans is such that diplomats are greatly perturbed lest the veneer of peace at present binding the powers should crack. The fall of Adrianople, while it might bring about an end of the war in the Balkans, diplomats declare will have no effect on relieving the tension in Europe.

SHIPS AT ANTIVARI.

VIENNA, April 2.—Part of the Austrian squadron is reported to have reached the Montenegrin port of Antivari, the remaining vessels being held in reserve at Cattaro. Transports with 3000 infantry aboard accompany the warships. It is understood that unless the siege of Scutari is raised by tomorrow a naval demonstration will begin.

BULGARS LOSE 10,000.

SOFIA, April 2.—According to an official report from Bulgarian army headquarters, the capture of Adrianople cost the Bulgars from 10,000 to 11,000 killed and wounded, and the Serbians 1200. The Bulgars made prisoners of forty generals, 5000 other officers and 10,000 men. The Bulgarian besieging forces numbered 120,000 men with 350 guns. The Serbians numbered 40,000 with 98 guns. The Turks had 200 siege guns and from 400 to 500 field pieces.

TERMS OF MEDIATION.

CONSTANTINOPLE, April 2.—The terms of mediation offered by the European powers to Turkey and the Balkan allies were: 1.—The frontier of the Ottoman Empire in Europe shall be at Enos, and following the course of the Maritza river and then that of the Ergene, shall end at Midia. All territories situated west of this line shall be ceded by Turkey to the Allied States with the exception of Albania, the delimitation of which shall be fixed by the powers. 2.—The question of the Aegean Islands shall be settled by the powers. 3.—Turkey shall abandon all claim to Crete. 4.—The powers cannot favorably entertain the demand for indemnity, but will admit the right of the Allies to the discussions of the international commission in Paris for an equitable settlement of their participation in the Ottoman debt and in the financial charges of the districts to be handed over to them. Turkey is to be asked to take part in the liquidation of this commission. The great powers declare at the same time that as soon as the bases are accepted, hostilities shall cease. 5.—The powers cannot favorably entertain the demand for indemnity, but will admit the right of the Allies to the discussions of the international commission in Paris for an equitable settlement of their participation in the Ottoman debt and in the financial charges of the districts to be handed over to them. Turkey is to be asked to take part in the liquidation of this commission. The great powers declare at the same time that as soon as the bases are accepted, hostilities shall cease.

PERSIST IN DEMAND.

On March 23 Bulgaria gave notice of acceptance of the offer of mediation, but persisted in her demand for a war indemnity and proposed to substitute a frontier line from Midia on the Black Sea to the Gulf of Saros at the top of the peninsula of Gallipoli. The European ambassadors in London have been considering the situation since that time, but have not reached any definite conclusion. The fall of the fortress of Adrianople is considered likely to have some influence on future negotiations.

Armed Girls to Hike Here From Coronado

Six Fair Walkers Will Leave Tomorrow; All Carry Revolvers.

CORONADO, Cal., April 2.—With Los Angeles and San Francisco as their destinations, six girls—Miss Cora H. Huggate, Miss Iva Conner, Miss Elizabeth Brady, Miss Alice Hart, Miss Blanche Clark and Miss Kitty Godall—will leave tomorrow morning with the intention of walking the entire distance. Each is armed with a revolver. They will carry blankets and sleep in the open. The start was to have been made today but was postponed because of rain.

State Registers Over 100,000 Autos

Second Only to New York With 121,000 Registered.

SACRAMENTO, April 2.—Automobiles registered in California have passed the 100,000 mark and this State is still second to New York in the nation in the number of automobiles that have been registered. The owner who registered the automobile that drew the number 100,000 was John H. Batchelor of San Francisco. The much coveted number 99,999 went to A. C. Billock of Los Angeles, a hotelman. Carl Seemann of Sacramento drew 100,001 and Grant Gordon of Berkeley, a magazine writer, was registered for 100,002. According to the last report there are registered in New York 121,000 automobiles.

Society Upset Over Welcome Breakfast

Leaders of the Elite at Loggers' Heads About Seats at the National Function.

WASHINGTON, April 2.—Women leaders in social and official life are at their wits end today over the problem of invitations for the "national welcome breakfast" that will be given for Mrs. Woodrow Wilson and Mrs. Thomas R. Marshall Saturday noon. The banquet hall engaged for the event will accommodate 350 guests. The "blue book" contains the names of more than 1200 eligibles and already there are heartburnings and jealousies. The feeling has broken out openly among the women who insist upon recognition. The Women's National Democratic League already has announced that it would not be represented at the banquet because the seating space accorded it was not sufficient for its members. There are other defections. "The breakfast will be purely a social affair and there will be no speeches,"

Says Women's Veils Deteriorate Face

English M. D. Wishes to Make Crusade Against Disfigurement.

LONDON, April 2.—Women who constantly wear veils suffer in time from deterioration of the features. This was the statement made yesterday by Sir John Cockburn, M. D., speaking at the Royal Sanitary Institute. Sir John said he wanted to make a crusade against women's veils. Nothing was more beautiful than the human face divine, while veils had a harmful effect on the face. He said that he had seen many women with black eyes and fearful grimaces.

TAKE CLAREMONT HOTEL FROM DRY ZONE IS URGED

Prominent Oaklanders Present Hostelry's Case at Sacramento Conference

(Special correspondence to THE TRIBUNE.)

SACRAMENTO, April 2.—The settlement of the city of Oakland, through Mayor Frank R. Mott and representatives of practically all of the civic and commercial bodies, was strongly recorded in favor of extending to the Hotel Claremont of Oakland the privilege of serving liquor to guests when it is opened, at a public hearing held before the joint senate and assembly committees on public morals last night. The hearing was held on the Ellis-Butler bill, which would extend the "dry zone" around all universities in the state to one and one-half miles, and the Ferguson bill, which is designed to readjust the mile "dry zone" at present existing around the State University at Berkeley, so that the "dry zone" would be moved westward slightly to take the Hotel Claremont from within the zone. Through a technicality the hotel is now 176 feet within the "dry zone" and therefore cannot be granted a liquor privilege by the city of Oakland.

OPponents ARE FEW.

There was only one opponent who spoke in opposition to the Ferguson bill from Berkeley. He was L. C. Martin, an attorney and former University of California student. He did not state what interests he represented or whether he had been employed to appear in opposition to the bill. Likewise one opponent from Oakland spoke. He was W. N. Jenkins, who stated he represented the city of Oakland, and church interests of Oakland.

W. E. Gibson, president of the Oakland Chamber of Commerce; A. A. Denison, secretary of the Oakland Chamber of Commerce; Fred E. Reed of Oakland, E. P. Miller and W. J. Lawrence also spoke on behalf of the enactment of a law that would afford relief to the Hotel Claremont and give its promoters a chance to

U. S. TO PUT O. K. ON CHINA

Government Decides to Recognize Latest of World's Republics

Note Prepared by the State Department After Conference

WASHINGTON, April 2.—The United States government has decided to recognize the Chinese republic. Secretary Bryan conferred with President Wilson for nearly an hour today at the White House, completing the details. A note is being prepared at the State Department to be addressed to China through the Chinese minister here. Whether it will be presented before the meeting of the constitutional assembly next Tuesday or is intended to reach the Chinese government on that date has not been disclosed, but the mere presentation of the note to the Chinese minister and recognition of formal international relations with the Chinese minister are regarded in diplomatic circles as tantamount to recognition. No formal announcement is expected from the administration here until the Chinese government is in receipt of the American government's note.

Burning Mirrors of Archimedes Are Found

Bronze Cane Disks Are Discovered in Harbor of Syracuse.

ROME, April 2.—What are believed by many to be the celebrated burning mirrors invented by Archimedes for destroying an enemy's ship by focusing the sun's rays on it have been discovered in the harbor of Syracuse. The find consists of two bronze cane disks more than three feet in diameter joined with a rotary apparatus. One of the disks is pierced with a central circular hole.

PROSPECTS FOR RAIN ARE VERY LIGHT

Looked-for Showers Yesterday Results in Slight Drizzle and Snow.

SAN FRANCISCO, April 2.—A few light showers which may come and may not form the rain prospects for the next 24 hours. Professor Alexander McAdie of the United States weather bureau has been vainly scanning the horizon in the hope of stirring up a real good storm which will be quite welcome from the farmers' standpoint, but there is no such boon in sight. Last night there was a slight precipitation, which was only .02 of an inch at San Jose and .08 of an inch in the bay cities. Sacramento, Red Bluff, Eureka and the region north received a little heavier fall but the chief benefit from the slight storm was a little snow in the mountains. The conditions at present indicate that a few showers may be expected in this region, although the rain will not extend to Fresno on the south, which has not received any of the present downpour.

Radium May Hold Elixir of Youth

British Physician Declares Mineral Will Restore Hardened Arteries.

LONDON, April 2.—That radium can restore the hardened arteries of middle-aged persons to a healthy condition and so prolong life was the claim made by Dr. Sauerbrey of Berlin, in a lecture here before the Roentgen Society yesterday. The apparatus which will manufacture this "elixir of youth" consists of an earthenware receptacle containing a minute amount of radium, which is placed at the bottom of a glass bottle. The bottle is filled with water. In time the water becomes charged with radium emanations. The radium remains active for hundreds of years, so it is only necessary to renew the water in order to get any number of doses.

SPRECKELS' CREW IS SAVED

Schooner Was Sunk by the British Liner Statesman in Heavy Fog Off Pt. Reyes

Captain and Six Members of Crew Taken by Steamer to Victoria

VICTORIA, B. C., April 2.—The big Harrison line steamship Statesman, Captain Pass, from the United Kingdom, arrived here today bringing the survivors of the crew of the cod fishing schooner John D. Spreckels, which was in collision with the Statesman off Point Reyes, Cal., last Saturday night. Two of the Spreckels' crew were drowned. The Statesman was not damaged. Captain Charles Freilberg says the collision was unavoidable. Fog that prevailed at the time was so thick that the officer on watch at the Spreckels' wheel was unable to see the lookout forward. The wooden hull of the Spreckels was almost cut in twain by the steel prow of the freighter. The two seamen who were killed were asleep in the forecastle when the Statesman's sharp stem cut into the schooner's side.

CAPTAIN REPORTS.

SAN FRANCISCO, April 2.—A telegram from the captain of the wrecked fishing schooner John D. Spreckels to the owners, the Alaska Codfish company, dated Victoria, B. C., brought word today that the schooner was run down on the night of March 29, at 11.15 o'clock by the steamer Statesman.

Contracted Typhoid Fever and the End Comes Suddenly to Brilliant Man

William S. Goodfellow, Attorney, Who Died This Morning After a Brief Illness.

William S. Goodfellow, attorney of San Francisco and Oakland, and for thirty years a recognized leader of the California bar, died at 4 o'clock this morning at Meritt Hospital of typhoid fever after an illness of ten days. The end was unexpected even by members of the family, for it was reported only yesterday that the well-known attorney's condition showed some improvement. A relapse last night indicated that the illness would probably terminate fatally, and the family was summoned to the bedside. Deathly found the lawyer unconscious and without pain.

Funeral Will Take Place Friday at 2 p. m. from the Church of the Advent in East Oakland, the Rev. W. H. Wheeler officiating.

Prominent Figure.

Few men will be mourned as widely and sincerely by the members of his profession and the state at large. For almost thirty years, William S. Goodfellow has been a commanding and distinguished figure in important litigation in California. The clarity of his brain, his remarkable memory, coupled with his thorough knowledge of every detail of law, made his services greatly sought, yet he disliked prominence and never permitted the question of a fee to prevent him from engaging in any case where he thought his services would assist justice to triumph.

His position as trustee under the Fair will and later an attorney in the Bivins case brought him greatly into notice, but not more so than a hundred other cases on both sides of the bay, where his talents were impressed upon bench and bar. He figured in the famous case of the Nieklaus brothers against the Contra Costa Water Company, and was associated with M. C. Chapman in the Meritt Hospital litigation over waterfront property. The litigation over the estate of Charles R. Lloyd was another case in which Goodfellow attained prominence. As indicating the high esteem in which he was held and his reputation for integrity, it was not so very long ago that he was asked to accept the position of arbitrator in a dispute between the Western Pacific Railroad Company and Sions Brothers involving a half-million dollars. Neither side was willing to trust their case to the courts, but both promptly agreed to Attorney Goodfellow.

LED ACTIVE LIFE.

Always a very active man, whose intense love for his profession inspired him to work eighteen hours out of the twenty-four, Goodfellow naturally was drawn into many lines of activities allied with the practice of law. He was at one time president of the San Francisco Bar Association, attorney and director for the German Savings and Loan Society of San Francisco, and he took a prominent part in the organization of the Raisin Growers' Association at Fresno. He was an honored member of the Pacific Union University and Bohemian Clubs, and an honorary member of many societies and organizations. His last important public appearance was in connection with the suit of the Southern Pacific Company against Spreckels, now pending in the United States Circuit Court, and the application of the Oro Electric Light and Power

ATTORNEY GOODFELLOW DIES HAD STATEWIDE REPUTATION

WILLIAM S. GOODFELLOW, ATTORNEY, WHO DIED THIS MORNING AFTER A BRIEF ILLNESS.

Contracted Typhoid Fever and the End Comes Suddenly to Brilliant Man

William S. Goodfellow, attorney of San Francisco and Oakland, and for thirty years a recognized leader of the California bar, died at 4 o'clock this morning at Meritt Hospital of typhoid fever after an illness of ten days. THUG KILLS FRESNO MAN

Burglar Is Slain by Bullet From His Own Revolver

Trail of Blood, Eight Blocks Long, Leads to Lifeless Body

FRESNO, Cal., April 2.—A trail of blood eight blocks long led local police officers this morning to the body of a robber who, with a confederate, last night held up the grocery store of Blake Quick in the northwestern part of this city and robbed the till of \$55.

During the robbery W. B. Quick, the aged father of the grocery man, rushed to his son's aid with a rifle and was shot and killed by a second confederate, a lookout man.

The robber, whose body was found this morning fled from the store with the money. He was pursued by enraged citizens and as he fled he fired a shot to stop the pursuit.

BULLET IN LEG.

The bullet, it was discovered today, accidentally penetrated his right leg. The wounded man continued to run, leaving a trail of blood.

Finally he was compelled to lie down by the roadside, weakened from loss of blood. Life had been extinct for but a few minutes when the body was found. A sack containing \$55 was found on the corpse.

The thug has not been identified, although it is supposed that he had lived in this city for several months. No clue has been found as to the whereabouts of his confederates.

Tribune Baseball Service Pleases Crowds of Fans

In keeping with THE TRIBUNE's policy of doing things thoroughly the many thousand baseball fans in Oakland and environment who are accustomed to look to this paper for the results of league games were yesterday furnished with a quick and accurate service which brought many congratulations from baseball enthusiasts. Crowds surrounded THE TRIBUNE scoreboard on Eighth street between Broadway and Franklin, and followed the progress of the game in San Francisco in detail.

There, too, they saw the results of the other games being played. Through special arrangement with the Associated Press and Western Union THE TRIBUNE was enabled to keep constantly in touch with the

Funeral of King George Is Imposing Ceremonial

ATHENS, Greece, April 2.—Such an imposing ceremonial as today marked the burial of King George of Greece was never before witnessed in modern Athens. The procession was of great length, including a striking mingling of many eastern and western nationalities. The royal princes of Greece and the missions represented.

Direct Election of Senators Ratified by Pennsylvania

HARRISBURG, Pa., April 2.—Pennsylvania today joined the ranks of the States that have ratified the proposed amendment to the federal constitution providing for the direct election of United States Senators, making the

thirty-fifth to fall in line. The joint resolution ratifying the proposed amendment, which previously passed the House was passed by the Senate today unanimously. The vote of only one more State is needed to make the amendment effective.

Jury Makes Trip to Lockwood
School Site to Appraise
Land.

In order to determine whether property adjoining the Lockwood school on the west, consisting of 17 1/2 acres is worth \$2000 per acre or \$5000 per acre, a jury sitting in Superior Judge Wells' court made a trip to the site today. The jury was accompanied by attorneys representing Mrs. Sarah Jane Fox Kelsey and City Attorney Ben F. Woolger, who has brought condemnation proceedings against Mrs. Kelsey in behalf of the city, which wants the land for school purposes. When the jury attempted to acquire the land under the recent head title of \$5,000,000, the property was appraised at \$25,000. The estimate was based upon its value in June, 1912. Mrs. Kelsey refused to sell at that price with the result that an appeal was made to the courts. W. C. Hamilton, called as an expert for the defendant, testified that in his estimation the property should not be sold for \$25,000. It placed on the market for subdivision purposes. Charles E. Barnard, another witness for the defendant, said that he thought the land should bring \$50,000 for the owner if subdivided. In all he said that the lots should sell for about \$140,000 after street work had been done in the tract. William J. Layman, M. T. Minney and Frank J. Woodward testified in behalf of the city today that in their opinion the land would be worth \$2000 per acre if sold as a whole for subdivision purposes. The jury will take the responsibility of plotting the lots and placing the land on the market. In other words, it was considered that the owner should not get \$2000 per acre or the price offered by the city of Oakland.

CAPWELL FOLK
JOKE ON ROOF

April Fool Party of Employees'
Association Unearths
Rare Talent.

The first social entertainment of the H. C. Capwell Company Employees' Association, which was organized on February 20 of this year, was held last night on the roof garden of Capwell's store at Fourteenth and Clay streets. The affair was in the nature of an April Fool party and was unqualifiedly a great success. A program of humorous and clever numbers contributed by talented members of the association, a buffet supper and dancing, formed the pleasures of the evening. Among the specially amusing features of the program was a three-round boxing contest between Eddie Neary and Kid Sepulveda. At the close of the second round of this number a genuine policeman called the fight off when Paul Somers, who had arranged the bout, was unable to produce a permit. Somers' ignorance of this phase of the number, was "arrested" by the burly representative of the law, much to his own consternation and the amusement of those who were in the joke. Among those who contributed to the program were: Egan, S. O., Madame Casagrande, Frank Curry, Carl Lyle, Paul Somers, Eddie Neary, Kid Sepulveda, Madame Lilian Ratto, Madame Thomas, Hans Wren Wickler, Margaret Ward, Alma Wilson, Messrs. Barber and George and the Capwell orchestra, including Miss M. Barnes, piano; H. Schumacher, first violin; D. Walters, cornet; A. Anderson, trombone; and G. Naismith, drum. The committee of arrangements for the entertainment included: Chairman, A. C. Van Deren; music, C. Holmes, Mrs. N. Orr, W. D. Stolker; program, T. Sullivan, Miss T. Hamilton, E. P. Nunan; refreshments, W. P. Bell, Miss L. Sullivan, C. Asselesens. The H. C. Capwell Employees' Association is one of the largest and most successful beneficial associations in California. One thousand dollars has been contributed by the firm, which, augmented by the regular membership dues, starts the association off with a substantial benefit fund. Out of this donation of \$50 has been made to the Eastern flood quitters, showing the good work of the association is not alone confined to its own members. At the time of the association's organization on February 20, the following officers were elected: President, E. H. Furth; vice-president, W. H. James; secretary, Miss N. F. Thomas. Board of trustees, A. C. Van Deren, T. F. Joyce, W. D. Stolker, Miss J. Webster, Mrs. H. Mansfield. The aims and objects of the association are to create and maintain a fund from which to pay benefits to sick members, to visit members in sickness and distress, to assist in mutual improvement and strive for harmony and good fellowship and to have occasional social gatherings to promote a feeling of friendship and sociability.

CAIRO IN FEAR
OF FURTHER
RISE

The Respite From Flood
Scare Temporary Is
Prediction

CAIRO, Ill., April 2.—Cairo had a little respite today from its flood scare, due to the fact that the Ohio waters were at a standstill from midnight. The reading at that hour was 54 feet, and if anything the gauge showed a little less at 7 o'clock today. The relief, however, will only be temporary, it is said, as engineers gave as the cause the passing of the crest in the Wabash high water. The crest of the Ohio river flood waters is still to come, and it is said that before tonight the gauge readings will rise again. Another cause for the standstill was said to be the vast volume of water now flowing into the lowlands of the drainage district. It was reported that the water was flowing over the Big Four tracks in that section for a distance of three-fourths of a mile. Hope is held out that the waters may continue to recede today in order that the city may be better prepared for the high water which is coming.

Warehouse Collapses;
Whiskey Is Missing

LOUISVILLE, April 2.—A large warehouse of the Rugby Distillery Company, in the western end of the city, weakened by flood waters, collapsed late last night, releasing to the river about 5000 barrels of whiskey valued at a quarter of a million dollars. The threatened collapse of weakened buildings was the only source of anxiety today, as the crest of the flood passed Louisville with a stage of slightly more than 45 feet. Lower river points continued to experience rising water. Paducah, with water standing more than two feet deep in the lower section of the city, faced the menace of a useless lighting plant. Henderson and Owensboro, safe from flood damage themselves, were taxed with the care of hourly increasing refugees. At Wickliffe, where are gathered more than 3000 refugees from Hickman, Cairo and Columbus, the shelter situation was becoming acute.

GARRISON AT CAPITAL.
WASHINGTON, April 2.—Secretary Garrison, returning from his trip through the Ohio flood district, arrived here today. He went at once to the war department and planned to put before President Wilson later in the day a report on his tour.

TEACHERS' PENSION
BILLS UNDER FIRE

Nye Sees Doubt Whether the
Measure Makes Valid
Appropriation.

SACRAMENTO, April 2.—The teachers' pension bills have been ridden by State Controller Nye in a letter he addressed to Senators Boynton and Tyrell, authors of the two measures. Nye says it is doubtful whether either bill makes a valid appropriation. "Controller Nye says he has examined the bills introduced by myself and also one introduced by Senator Boynton to provide teachers' pensions and find that both bills have provisions that conflict with the State constitution," said Senator Tyrell today. "Complaints that if a teachers' pension law is passed it will provide for a special appropriation of the general fund. He says he does not feel that we should enter by the back door and take money for teachers out of the inheritance tax fund. He says he has no controversy to open up." Senator Boynton is inclined to think Mr. Nye's position is not well taken. "I feel that some of his views might be right. I have not gone into the constitutional features of either of the bills. That is work for the judiciary committee. All measures are usually amended. I introduced my teachers' pension bill on behalf of the Alameda county teachers' association. It was drawn for that organization, by attorneys who are recognized as able lawyers. I have referred the matter to them."

INVITATIONS ISSUED
TO SILVER WEDDING

Mr. and Mrs. Walter R. Lloyd of East Oakland have issued invitations for a reception to be given in honor of their silver wedding anniversary, which will be celebrated Saturday evening, April 5, at the family residence, 2320 Twenty-fourth avenue. About 100 guests have been invited to the affair, which will be attended by many of the girlhood friends of Mrs. Lloyd. During the evening there will be a musical program, which will be furnished by the talented daughters of the hosts, Miss Irene Lloyd and Miss Ella Lloyd, together with Harold Hilton, will give the program.

EXPERTS EXAMINE
MUNICIPAL BOOKS

O. K. All the Departments and
Highly Commend Street
Department System.

The work of examining the municipal accounts of the city of Oakland, which is provided for by the city charter, has been completed by Klink-Bean & Company, certified public accountants, who were appointed by Mayor Frank K. Moffit to undertake the task last November. The accountants have found that all the departments were in good condition and that the accounts were kept in such a manner as to keep a good check on the expenditures from all funds. Every department was carefully canvassed and the books of the various offices were examined by the expert accountants in painstaking manner and in every instance found to be straight. The accountants gave high praise to the street department system of accounting. The system was devised by members of the department, Wendell Smith and C. B. Clark working to place the finances and accounting of the various parts of the street department on a systematic basis. "We commend highly the system installed in the street department," the report states. "It is one of the best to be found in any public office, and could be extended with advantage to the other departments."

The new system was installed at the instance of Commissioner of Streets W. J. Baccus following the reorganization of the street department. The ramifications of the street department and its connections with other departments was so extensive that the change installed there have helped in the simplifying of other departmental accounting. Klink-Bean & Company were appointed by Mayor Frank K. Moffit not only to work at the annual accounting and auditing of the city books, but to carefully investigate and to make recommendations to put in a uniform system throughout the city departments. The company accountants are still at work on this task and they expect to make recommendations within a few weeks for a new system of accounting throughout the city. The new system will be uniform with a system to be established in the county offices. The city has set aside \$10,000 in the annual budget to provide for the work of creating a system of accounting and putting it in effect in the city departments.

ROOM IS LOOTED;
HIDDEN COIN TAKEN

SAN FRANCISCO, April 2.—Mrs. P. C. Hale of 2430 Vallejo street, summoned the police to her home at 1 o'clock this morning to investigate the burglary of the room of Miss M. Bryan. The robber had entered through a rear door and stolen \$57 hidden under a window seat in Miss Bryan's apartment.

WATER COMPANY
FILES STATEMENT

Shows Real Estate and Plant
Values for Supplying
Oakland.

In response to a council resolution the Union Water company has filed with City Clerk Harold E. Magill a statement of real estate and physical plant and fixtures now in use in supplying Oakland with water. The statement is to be used by the commission in the rate fixing now before the municipal legislature. The statement shows four pieces of real property being used by the Union Water company, January 1, 1913, as follows: Toler Heights, two lots \$3,500 Fremont tract, lot 121 1,025 Stonelhurst, lots 33 and 34 1,100 Jones avenue and Russell at 4,602 Total pumped for the Oakland division for the year amounting to 106,975, 353 gallons.

Jealousy Cause of
Mrs. Smith's Murder

Ex-Policeman From Minneapolis
Arrested for Slaying
Nephew's Sweetheart.

LOS ANGELES, April 2.—Mrs. Irene Mattie Smith, 21-year-old, was shot and instantly killed yesterday afternoon while sitting at a table in her home playing cards with her sweetheart, Morris Bohannon, James L. Murphy, formerly a policeman in Minneapolis, whence he came several months ago, an uncle of Bohannon, is in jail charged with the killing of the young woman. Murphy surrendered to the police last night four hours after the tragedy and while a search was being made for him. Jealousy and revenge are alleged by young Bohannon as the motive for the crime, but he declares that he, and not Mrs. Smith was the intended victim of his uncle.

Bursting Reservoir
Causes City Flood

2,000,000 Gallons Damage Cellar
and Stores and Swamps
Streets.

NEVADA CITY, April 2.—Two million gallons of water flooded the streets of this city last night when the big reservoir of the municipal water system burst. The water poured through the Oregon ravine, flooding the streets, cellars and stores were flooded. The water finally found its way to Deer Creek and was drained off. The damage to stores and buildings through flooding was considerable.

Woman Killed With
Axe; Husband Is Gone

Woman's Body Is Found in a
Room With Crying
Baby.

CHISHOLM, Minn., April 2.—Mrs. John Fontana was murdered with an axe last night at her home in this city. Her husband has disappeared. There were no witnesses to the tragedy. When the woman's body was found she had apparently been dead for some time. A year-old baby was found crying on a nearby cot.

ASKS FOR PROBE OF AVERY'S DEATH

Engineer Who Built Road Up
Tamalpais Is Reported
Dead.

DENVER, Colo., April 2.—The State Department at Washington has been asked to investigate the death of A. D. Avery of San Francisco, brother to Mrs. Henry J. Arnold and a cousin to Mayor Avery of Colorado Springs and former Senator E. M. De La Vergne of El Paso county.

A. D. Avery was formerly an engineer for the various water systems about the bay, and built the railroad up Mt. Tamalpais.

Death took place in Sydney, Australia, February 12, but news of his demise only reached Denver relatives and friends yesterday, when Mayor Arnold received a telegram from the United States ambassador in Sydney. There were no particulars. Mayor Arnold immediately wired the State Department at Washington and asked that a complete investigation be made.

Avery had been engaged in civil engineering work on the Pacific coast for many years, but has visited Denver on many occasions. Two years ago he started on a four years' tour of the world, planning to pay long visits to the important countries and study conditions.

"I do not know what to think of my brother-in-law's death," Mayor Arnold said yesterday. "There were no particulars in the telegram, and it might have been murder. I have asked the State Department to get particulars."

ALVIN RETURNS FROM
NEW YORK CONFERENCE

SAN FRANCISCO, April 2.—E. E. Calvin, vice-president of the Southern Pacific Company, returned yesterday from New York, where he has been in conference with the Harriman officials relative to the plans for the unmerging of the Southern Pacific and Union Pacific, and where he also devoted considerable time to conferences with Julius Kruttschnitt, chairman of the board of directors of the Southern Pacific, relative to the new budgets to be submitted by the Southern Pacific in June.

Calvin was inclined to be reticent concerning the unmerging, saying yesterday that everything was in about the same condition as when President Spruille returned home.

"My eastern visit was more on errands of a personal nature than anything else," he said.

IMMIGRATION AGAIN
NEARING FLOOD MARK

NEW YORK, April 2.—The annual tide of immigration at this port is again approaching the flood mark reached in years preceding the financial panic of 1907, according to figures contained in a quarterly report issued yesterday by Health Officer Joseph J. O'Connell. There were 342,783 persons of all classes inspected at Ellis Island in the first three months of this year. This is an increase of nearly 52,000 over the corresponding period of 1912. The number of third-class passengers was nearly 160,000, an increase of about 41,500.

GOLDEN WEDDING CELEBRATED BY LAKEPORT COUPLE

MR. AND MRS. S. S. RUSSELL.

LAKEPORT, April 2.—Surrounded by members of their family and friends, Mr. and Mrs. Sullivan S. Russell celebrated their golden wedding anniversary recently in their artistic country home in Lake county. During the celebration congratulatory letters were read by the hostess, who has legions of friends in Lakeport, having lived there for many years. An entertaining feature of the affair was the reminiscence stories told by the couple. Speeches and original poems which were written for the occasion gave distinction to the observance.

Mr. and Mrs. Russell were the recipients of many gifts and felicitous messages.

A number of generations were represented at the reception and dinner, which was very enjoyable. Among the Oakland guests present were the son and daughter-in-law, Mr. and Mrs. Archie Russell, of Hobart street.

WOULD LENGTHEN VISIT OF TOURIST

Commercial Organizations to
Discuss Matter at
Meeting.

SAN FRANCISCO, April 2.—Tomorrow afternoon all of the commercial organizations of San Francisco, Oakland, Berkeley, Alameda, and other nearby cities will hold a conference at the San Francisco Commercial Club.

The meeting has been called for the purpose of formulating plans by which tourists can be induced to remain in the bay district for a reasonable length of time.

A program of speakers is being arranged and those who will make addresses will be representative of the railroad, hotel, advertising, merchant and exposition interests of the community.

COMMISSIONERS WILL
NOT BE SENT TO JAIL

SEATTLE, April 2.—The county commissioners of King county will not be sent to jail today for their refusal to buy a large American flag for the courtroom of Superior Judge John E. Humphries. This was decided last night when Justice George E. Morris of the State Supreme Court, who was reached by the prosecuting attorney just after he arrived from Olympia, issued an alternative writ of prohibition preventing Judge Humphries from enforcing his order committing the three commissioners to jail if they did not produce the flag tomorrow morning. The writ of prohibition was made returnable April 11, when arguments will be heard on a motion to make it permanent.

CEMENT TABERNACLE FOR
ZIONISTS' MEETINGS

ZION CITY, Ill., April 2.—A cement tabernacle in which the Zion crusaders may pray and inveigh against users of tobacco and profane swearers alleged to form a majority of the operatives of an "outside" factory here will be built at once opposite the offending electrical works. It was announced by Zion parsons today. The old wooden tabernacle in which daily services against the factory were held was destroyed after a recent scuffle between the Zionists and the factory employees.

MINNESOTA HOUSE HAS
PASSED RADICAL REFORM

ST. PAUL, Minn., April 2.—By a vote of 61 to 45, the lower house of the Minnesota legislature yesterday passed the bill providing for the sterilization by the state of defective, habitual criminals and degenerates. By a vote of 63 to 34 the house also passed the bill legalizing six-round boxing contests with eight-ounce gloves, and creating a state athletic commission of three members to supervise all contests.

GRAND JURY TO EXAMINE BAKER

Inquiry Will Include Stock
Brokers and Their Business
Methods.

SAN FRANCISCO, April 2.—Tomorrow afternoon at 2 o'clock the federal grand jury will take up the case of Charles F. Baker, former assistant cashier of the Crocker National bank, and also investigate the stockbrokers of this city and their methods.

The following witnesses were subpoenaed yesterday to appear and tell what they know about Baker and his operations:

Peter P. Burke, former employee of J. C. Wilson & Company. Burke is credited with being familiar with all Baker's manipulations with J. C. Wilson & Company.

J. Walters Jr., another employee of J. C. Wilson & Company, said to have certain knowledge of Baker and his dealings in the wheat market.

W. Kinley, a stockbroker's clerk; Harry P. Talcott of Oakland and William O'Connor, who also knows of Baker's investments in the local stockboards amounting to \$201,000.

Neither J. C. Wilson nor R. E. Mulcahey of Hutton & Company will be called, as their testimony could not be used against them later in criminal action should it be instituted.

Prosecutor United States District Attorney McNab said Baker has not given the government any material evidence, nor indicated he wishes to be shown any immunity.

The new federal grand jury will be sworn in this morning and reassemble tomorrow, Baker's case being the first for attention. Western Fuel Company and other matters will follow.

INDUSTRIAL FARM ADVOCATED BY DAY

Alameda County Officials Are
Invited by Social Workers
to Hear Talk.

Sixty social workers gathered at the Social Workers' luncheon at Capwell's roof garden yesterday and heard an address by Captain W. I. Day, secretary of the California Prison Commission, on "An Industrial Farm as a Step Between Prison and Society."

Assistant District Attorney Philip M. Carey was introduced as chairman of the day by the assistant manager of the club, W. S. Goodrich, superintendent of the Oakland municipal woodyard. Judge Ogden of the juvenile court, Chief of Police W. J. Petersen and other officials of the courts were in attendance.

Resolutions were passed endorsing the concurrent resolution now pending at Sacramento and providing for an investigation into the feasibility of an industrial farm such as Captain Day advocated.

From his long experience with discharged prisoners, Day advocated a common sense middle course for public opinion as to the ex-convict midway between that of those citizens who deny the ex-convict a chance and will expect nothing good of him on the one hand, and those on the other hand who are mere sentimentalists. Day advocated the indeterminate sentence with all prisoners entering prison in grade B, able to rise to grade A, or to fail to grade C, and able to graduate from the highest grade into the industrial farm, where good conduct and progress would permit parole. The present change from prison to society is too sudden, said Day, and accounts for so large a number of failures and returns to prison. The men in the industrial farm would practically earn their own way under the present state use system of prison labor, and would thus gradually fit themselves for life outside the walls of an institution.

OUR DOLLARS BEAUTIFUL,
SAYS PRENCH TENOR

NEW YORK, April 2.—Edmond Clement, the French tenor, sailed on the Kronprinzessin Cecilie yesterday, stating that New York was full of beautiful dollars and beautiful women, and that if he only had a little more time he would stay there and make enough to retire. Clement said he had made \$40,000 in a four months' tour of New York, Boston and Chicago. "Any man who cannot make a fortune in this country is to be pitied," said Clement. "The opportunities are lying all around wait (to be) seized."

CUBIST SHOW SAID TO BE IMMORAL

Illinois Vice Commission Will
Immediately Investigate
Exhibition of Artists.

CHICAGO, April 2.—Charges that the international exhibition of cubist and futurist pictures now being displayed here at the art institute contains many indecent canvases and sculptures will be investigated at once by the Illinois legislature white slavery commission. A visit of an investigator to the show and his report on the pictures caused Lieutenant Governor Barratt O'Hara to order an immediate examination of the entire exhibition. Mr. O'Hara sent the investigator to look over the pictures after he had received many complaints of the character of the show. "We will not condemn the international exhibition without an impartial investigation," said the lieutenant governor today. "I have received many complaints, however, and we owe it to the public that the subject be looked into thoroughly."

The investigator reported that a number of the pictures were "immoral and suggestive." Senators Woodward and Beall of the commission will visit the exhibition today.

WILL OF RECLUSE TO
BE CONTESTED IN SUIT

SAN RAFAEL, April 2.—The will of William A. Powning, the recluse who died in Novato several days ago leaving his entire estate of \$100,000 to a friend, P. C. Lutz, and cutting off his heirs, is to be contested, according to J. B. Moore of San Rafael, a former business associate of the deceased. Moore last night said he had received instructions from Henry Powning, a brother of the deceased, to institute a contest as soon as Lutz attempted to have it admitted to probate. Moore says a power of attorney from Henry Powning is now on the way from England. Up to a few years ago Powning was rated as worth \$500,000. He retired two years ago from active business and built a home in the hills of Novato, where he and Lutz lived as recluses.

CONTRA COSTA PIONEER
ANSWERS LAST SUMMONS

MARTINEZ, April 2.—James McKenna, one of the oldest pioneer residents of Contra Costa county, died at his home here yesterday at the age of 85 years. He was a native of Ireland, and leaves one brother, Peter McKenna of this city. The funeral and burial will be held here Friday morning.

STANFORD ATHLETE IS OUTSPRINTED BY CUPID

SAN FRANCISCO, April 2.—Kenneth L. Fenton, formerly one of Stanford's best known athletes, will be married today in this city to Miss Adelina A. Walters of Healdsburg. Fenton and Miss Walters appeared at the county clerk's office yesterday for the license. He gave his address as Portland and his age as 25. The bride-to-be is 26.

"Kenny" Fenton, as he was known in his student days, was captain of the baseball team in 1906 and played third base. He was also on the varsity football team for two years.

Miss Walters is a graduate of Mills College. She afterward attended the San Jose Normal school. The wedding is the culmination of a romance of school days.

REA IS LIBRARIAN.

SAN FRANCISCO, April 2.—Robert Rea, assistant city librarian, who during the past year has been acting city librarian, was yesterday appointed city librarian at the meeting of the Board of Library Trustees.

CHARGED WITH KILLING PESTERING MISSIONARY.

JUNEAU, Alaska, April 2.—Joseph McDonald, a wealthy mining man who was brought here from Guanajuato, Mexico, to stand trial on a charge of having murdered N. C. Jones May 14, 1902, because Jones was a mission worker, annoyed him by urging that the Treadwell gold mines, of which McDonald was then superintendent, should be closed on Sundays to avoid the wrath of God, was refused release on bail by United States District Judge Thomas R. Lyons today. Judge Lyons held that the court could not pass on the right to bail unless the government's witnesses were heard. This is almost impossible as the witnesses have scattered since the killing of Jones nearly eleven years ago and will not be here until the trial in May. McDonald will be arraigned Thursday.

PARCEL POST FOR CANADA.

OTTAWA, Ont., April 2.—A parcel post planned on the "zone" system similar to that in the United States is proposed for Canada. Postmaster General Palletier has announced that he would introduce the necessary legislation in parliament soon.

HAAS BROTHERS DISTRIBUTORS

Life Insurance Companies

They Are Closely Observing Public Health Conditions

An examining physician for one of the prominent life insurance companies, in an interview on the subject, made the astonishing statement that the reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of applicants do not even suspect that they have the disease.

He states that judging from his own experience and reports from druggists who are constantly in direct touch with the public, there is one preparation that has probably been more successful in relieving and curing these diseases than any remedy known. The mild and healing influence of Dr. Kilmor's Swamp-Root is soon realized. It stands the highest for its remarkable record of cures.

We find that Swamp-Root is strictly an herbal compound and we would advise our readers who feel in need of such a remedy to have it a trial. It is on sale at all drug stores in bottles of two sizes—fifty cents and one dollar.

However, if you wish first to test its wonderful merits, send to Dr. Kilmor & Co., Birmingham, N. Y., for a sample bottle, absolutely free. No writing is necessary, and mention THE OAKLAND DAILY TRIBUNE.

WHITE OAKS HOLD BRILLIANT BALL

The Drill Team of B. P. O. E. Entertains Shriners as Honored Guests.

Over 400 guests last night danced at the ivory ballroom in the Hotel Oakland, at the fourth annual ball of the White Oaks, the drill team of B. P. O. E. Oakland Lodge, No. 172. The drill team and band of Ashland, Oregon, Shriners were the guests of honor, the brilliant uniforms of the latter organization making a striking contrast to the white costumes of the Elks' team.

The grand march, when the Oaks and Shriners marched about the hall, was a brilliant sight, the costumes of the women adding materially to the effectiveness of the scene. Colonel J. K. Ritter and Mrs. Ritter led the march, followed by the Shriners' team and Mrs. James Shanley. Other members of the two organizations and the guests of the evening made up the rest of the long line, which formed many features before the regular program of fifteen dances was started.

Colonel J. K. Ritter, commander of the White Oaks, was in charge of the general arrangements, and R. C. Endruss was floor manager. He was assisted by J. B. Ritter and W. C. Moran.

The committees in charge were as follows:

Floor committee—Erwin Schaefer, chairman; J. F. Anderson, J. N. Bonham, J. L. Cone, A. P. Currier, L. G. Fitzsimmons, D. J. Hallman, N. H. Harris, P. L. Johnson, C. J. Manning, A. O. McElroy, Al. Mayhew, Otto Ritter, W. E. Swallow, J. C. Whitney.

Reception committee—B. M. Moffitt, chairman; F. A. Bardo, J. E. Chollar, J. O. Cunha, F. W. Edwards, F. L. Gonzalez, R. H. Hamer, H. H. Horn, George H. Lee, M. M. Moffitt, W. A. Noffsinger, D. A. Sinclair, J. C. Tretheway, O. F. Whitney, W. N. Wollard.

SURRENDER EXPECTED.

BELGRADE, April 2.—Special dispatches from the front say that the Serbian and Montenegrin forces are bombarding the Sautari forts with success and that their surrender is expected within a day or two.

Look to Your Plumbing.

You know what happens in a house in which the plumbing is in poor condition—everybody in the house is liable to catch cold, cough or some other fever. The digestive organs perform the same functions in the human body as the plumbing does for the house, and they should be kept in first class condition all the time. If you have any trouble with your digestion take Chamberlain's Colic, Cholera and Diarrhoea Remedy, and you are certain to get quick relief. For sale at O'Connell Bros. Drug Stores.

INTERESTS OF CLAREMONT HOTELS

URGED BY PROMINENT OAKLANDERS Men Would Place Big Hostelry Outside Dry Zone; Seek the Support of State Lawmakers at Sacramento Conference

(Continued From Page 1)

land did not make the trip to Sacramento in a private car out of self-sacrificing motives. Gibson declared it was unnecessary to make apologies for making a trip to the capital in a private car if the delegation saw fit to do so.

Secretary Denison of the Oakland Chamber of Commerce also engaged N. Jenkins in a combat of words. Jenkins attacked the latter's statement that he had resigned from the Oakland chamber because of the controversy over the Ferguson bill.

"There are over 1500 members of the Oakland Chamber of Commerce," Denison hurled back at the speaker, following his statement, "and of that number one man resigned because he had a controversy with himself, and that man was you."

Senators Grant, Butler, Hewitt and Bryant and Assemblymen Nelson, Polesky and Canepa questioned both the proponents and opponents of the bill.

OPPOSES MEASURES.

In opening the discussion on the Ellis-Butler and Ferguson bills the measure received most of the attention of L. C. Martin of Berkeley in opposition, who said:

"While there is another bill before this legislature affecting the establishment of 'dry zones' around universities, I feel that the Ferguson bill is the more vital. It would give to the Hotel Claremont the right to sell liquor, although that hotel is within one mile of the University of California. The Claremont property is technically a part of Oakland, geographically it is a part of Berkeley. The construction of the hotel began with a real estate boom in 1905. It flourished for a while and then languished. Originally it was just a hotel for the city of Oakland, but Oakland expanded and took in the territory. Organically it is now a part of Oakland, but in reality should belong to Berkeley.

"Although there was for a time some question as to whether the Hotel Claremont was located within the mile circle, it was practically settled that it was when the board of regents of the university bought additional lands adjoining the university property as a watershed. These lands were bought from the Realty Syndicate of Oakland. They were part of the hotel site. This syndicate deliberately allowed itself to sell lands to bring it within the mile circle and now the university is trying to get a measure approved which would give the public wealth or the good of the city of Oakland or Berkeley, but to help out a little group of capitalists, who, through their own negligence, allowed themselves to get into such a predicament. They are tired of paying 'Irish dividends' on the hotel property and now they ask the State to legislate specially in their favor.

"This delegation of forty business men from Oakland did not come here tonight in a special car from self-sacrificing motives. They came here for their own benefit, to ask for discriminatory legislation to put a few shekels in their own pockets.

PROMOTERS BLAMED.

"The University of California didn't put the Hotel Claremont where it is. The promoters of the hotel themselves are responsible. They should stand by their own errors. They have no right to come before the legislature and ask that their mistakes be corrected. This evil alone does not lurk in the fact that the hotel wants the right to sell liquor to guests. There is no provision in the Ferguson bill to prevent a hotel from running a regular hotel business. The bill would allow other saloons and roadhouses to be opened up also in the finely developed Claremont residence district. There is talk of amending this measure so as to make it apply to hotels with 250 rooms or over. I question the constitutionality of such an amendment.

"I see no result from the passage of the Ferguson bill except that it will enable the establishment of saloons in the residence district of Claremont, which would be a disgrace to the city of Oakland. It could serve no good purpose and would only hurt the University of California and create a lower moral tone in the community.

CALLS IT VICIOUS.

"The viciousness of the Ferguson bill is that it would enable the Hotel Claremont to sell liquor from the heart of Oakland. The territory between is only partially settled. The bill is intended solely to make up for blunders so that a small group of capitalists can make a few more dividends. This is the only reason why such legislation is asked.

"If the Ferguson bill is passed discriminatingly in favor of the Hotel Claremont, how will the legislature provide for those who might decide to build similarly?

"It is hard to realize that a delegation of forty of Oakland's business men, led by the mayor of that city, has the effrontery to come before the

legislature to advocate a measure that will benefit only a small group of capitalists and hurt everybody else."

MAYOR SPEAKS IN FAVOR.

Mayor Mott of Oakland opened the arguments in favor of the Ferguson bill in some shape or form that will extend to the Hotel Claremont the protection that should be given an enormous business investment. Mayor Mott said:

"We come before you tonight, forty of the most prominent business men of Oakland, to ask for the protection of the Hotel Claremont. Statements have just been made concerning the reasons why this delegation came here tonight that are not true. I propose to refute these statements and declare that in venturing the attack upon the good intentions of the men who appear before you in behalf of this hotel, we yield our honesty of purpose to no one. All that we will ask of this legislature is that it be reasonable, fair and just and in considering the question of the difficulty that confronts this magnificent hostelry remember that the pride of the city of Oakland in its ability to do things is at stake. The \$1,500,000 investment of legitimate capital is involved.

"We want a measure passed that will accord to the Hotel Claremont the same liquor privileges that are enjoyed by other class tourist hotels throughout California. Not that we are in favor of liquor as against prohibition—that question is not an issue—but that this hostelry might open its doors and in so doing herald a new era in the development of this cosmopolitan tourist and is prepared to greet the visitors to the great Panama-Pacific Exposition in 1915 with proper hotel accommodations.

STARTED YEARS AGO.

"The Hotel Claremont was started years ago. It was promoted by the same man who promoted the Hotel El Comodoro in 1907. It was necessary to stop work. The interests of all the smaller investors in the hotel have since been acquired by one man and this man—Frank C. Havens—is prepared to do what he can to develop the hotel. This hotel with the avowed purpose of giving to the northern part of the State that which the southern part has done to make California famous—a thoroughly modern tourist hotel.

"This hotel is located in a park of magnificent beauties. There is everything that would appeal to the cosmopolitan tourist, the outlook upon the great bay of San Francisco and the beautiful Golden Gate is unsurpassed and the hotel in its seclusion in the hills is ideal.

"You all know that such a hotel cannot be conducted unless it is granted the privilege of selling liquor to guests with meals. The hotel does not want an open bar. It simply wants to operate on the same basis as the big tourist hotels in Pasadena, which, although a strictly 'dry' town, have the privilege because it is realized that the tourist guests demand such a privilege. The hotel is located in San Diego, Coronado, Santa Barbara and Monterey enjoy these privileges.

"The extension of the privilege to the Hotel Claremont would simply be an added facility to the already existing privilege of tourists and would put Northern California on the map as having provided first-class tourist accommodations. This section of the State has suffered because of the lack of such a hotel and the hotel which completed a technically should not be allowed to stand in the way of its assured success.

IN UNIVERSITY'S INTEREST.

"If the Hotel Claremont were located on an avenue that led directly to the University of California, it would be a temptation to the students of that great institution—the pride of the transbay cities—we would not be here tonight advocating the passage of any bill. This is one point in which I am extremely cautious and I do not believe there is a man present in this delegation who would not go as far as anyone else in the state to put protection around the University of California.

"It is one and one-quarter miles by traveled route through the hills to the Hotel Claremont from the university. It is not accessible to students, and is not in the line of travel. Furthermore, the management of this hotel with the idea of getting liquor. It would only be for tourists with money, who demand these things with their meals.

"We want the legislature to pass a measure to open the doors of this hotel because we consider it one of the greatest assets to the city of Oakland, which we are pleased to call the most progressive and fighting city in the state of California. We want to be on the same level with the other cities and we want action on the passage of this bill so that the Hotel Claremont will be ready in all its splendor and magnificent appointments to entertain Oakland's guests during the exposition.

OAKLAND AT WORK.

"The city of Oakland is doing her part to promote the material interests of the state and it needs badly a first class tourist hostelry comparable to any in the United States, to serve as an additional encouragement for the investment of capital and progress. This hotel is important to Oakland and we can't afford to have it heralded throughout the country that we have a large uncompleted hotel within our city as that would tend to give us a 'black eye.'

"The policy of the city of Oakland is to rid the residential districts of saloons and roadhouses. It proposes to continue this policy. Therefore, there should be no fear that by aiding the success of a legitimate investment you would be fostering the establishment of saloons in the residential localities.

"This is not a plea on behalf of a few capitalists; it is a plea on behalf of the city of Oakland."

In answer to a question by Assemblyman Canepa, Mayor Mott stated he did not believe Havens would spend \$500,000 more in the completion of the hotel unless the liquor privilege was extended.

"The slogan throughout the United States is 'See America first,' said V. E. Gibson, president of the Oakland Chamber of Commerce, in his argument in favor of the Ferguson bill and it is the duty of Oakland to bring the tourist to see the wonders of the great state of California and its progressive city.

INVESTIGATED QUESTION.

The Oakland Chamber of Commerce investigated the question of whether or not it should aid in the completion of the Hotel Claremont for relief but unanimously endorsed the proposition to give it the opposition. The

JUDAENS TO GIVE OPEN SOCIAL AT HEADQUARTERS

HEADQUARTERS

M. HELLMAN. —Hartsook photo.

The Judaens, a social organization, will hold an open social at their headquarters, 1328 Webster street, tonight. The social committee has procured talent from both sides of the bay and expect to make this an occasion long to be remembered. The speaker of the evening will be Milton Marks of the University of California.

Arrangements are now being completed for the grand ball to be held Sunday evening, April 6, at the beautiful Puckett Assembly Hall, Sutter street and Van Ness avenue, San Francisco, by the Judaens. A well-known orchestra has been secured for the evening. The proceeds of the affair will be used for a new building, for which the Judaens are soon to draw plans, as their present location is inadequate to accommodate the fast increasing membership.

The grand march will be started at 8:45 p. m. by President M. Hellman, followed by the officers and members with their escorts. The management committee for this affair has received numerous requests for bids although the affair is not invitational. The committee is represented by A. C. Buchanan, chairman, assisted by A. Alexandra, N. M. Jacobs, A. Cohn and M. Baker.

In the heart of a high class residential district, but that the legislators had not been contaminated by drinking there, nor had the residents complained.

AT FRATERNITY HOUSES.

It developed during the discussion that liquor is served in the fraternity houses, and also that while members of the faculty who live in the faculty houses use liquor, they do not appear to be intoxicated. Senator Grant suggested that the people of the Claremont district circulate a petition to secure the sentiment of the section on the situation and forward it to the public morals committee. The suggestion was accepted.

B. P. Miller, who was the original secretary of the Hotel Claremont Company and a university graduate, told the committee that when he was in the city he could secure liquor at a blind pig across the street from the campus. The place was conducted then by Denny Hagerty. He told the legislators that from his intimate knowledge of college students they do not go on spree in million dollar hotels.

W. J. Layman made a forcible talk in closing. He said that Oakland had been fighting for 40 years for progress and would continue the battle.

D. M. Gandier closed the argument for the opposition.

Felix Roll and Thomas Graham of Santa Clara talked in opposition to the Ellis-Butler bill.

At the request of the attorney for the Panama-Pacific International Exposition Company, opposed the Kehoe bill, designed to prohibit the sale of liquor at the 1915 fair.

The committee took no action.

MANY IN DELEGATION.

The delegation was made up of the following:

Mayor—Frank K. Mott. Sheriff—Frank Barnett. Councilman W. J. Bacus. Supervisor F. W. Foss. W. E. Gibson. A. A. Denison. D. E. Perkins. M. T. Minney. Fred Burks. W. H. Dillmyre. George Wilhelm. Ralph Kayser. R. B. Aye. Percy Walker. B. P. Walker. J. B. Jordano. Louis Aber. A. S. Lovenson. S. M. Marts. Charles Smith. E. W. Engs. W. J. Layman. R. A. Perry. Theodore Dyer. Fred B. Reed. Henry Hinman. A. S. Day. W. B. Townsend. A. W. Moore. J. A. Thompson. P. E. Crabtree. L. Richardson. Charles Snook. J. W. Weston and Harry S. Anderson.

HOLD NIGHT SESSION.

Alameda county legislative delegates held a night session last night with a full house. They agreed to approve the request of County Assessor C. F. Horner for additional attaches as recommended by the Alameda county grand jury. The members also decided not to make any changes in the office of the county treasurer. Action on the grand jury's recommendation for the probation of the sheriff's and the auditor's departments went over for another meeting which will probably be held tomorrow or Friday night.

HEARD MANY TALKS.

The delegation of delegates from County Auditor Santiago Supervisor D. J. Murphy and Supervisor W. B. Bridge and Sheriff Frank Barnett.

Colonel D. A. Smith addressed the delegation on the needs of a state arsenal and armory at Oakland.

At the request of the delegation, Leon Clark, assistant district attorney of Alameda county, will draft county government bills. A petition signed by more than 3000 Oakland and other Alameda county business men in favor of extending the liquor privilege to the Hotel Claremont was presented by Chairman Tyrrell. It will probably be filed in the senate when action on the bills pending to make this privilege possible get on the floor of both houses of the legislature.

ROBS TELEPHONE BOX.

Using a passkey, a thief opened the telephone box in the Vienna area, conducted by Martin Reith, 225 Broadway, last night and stole \$25 in nickels. The robbery was reported to the police this morning.

WASHINGTON, AT THIRTEENTH OAKLAND

DIVORCE ENDS THE HOBART ROMANCE

Interlocutory Decree Granted to Mrs. Hobart on Charges of Repeated Cruelty.

SAN FRANCISCO, April 2.—The Walter Hobarts, whose brilliant wedding in 1906 was made a great social event, were divorced yesterday. Superior Judge George H. Cabanis granted an interlocutory decree to Mrs. Hannah Williams Hobart on the ground of extreme and repeated cruelty. Walter Scott Hobart, the defendant, did not contest the action. Mrs. Hobart was given exclusive custody of the three minor children, Hannah, aged 15 years; Ruth, aged 14 years, and Walter, aged 9 years. The property rights had been previously settled and arranged out of court. Mrs. Hobart told the court that Hobart had agreed to provide her with a regular and separate allowance.

Walter Hobart has been one of the leaders of the exclusive Burlingame set for many years, is a clubman of wide acquaintance, and a famous polo player.

Mrs. Hobart appeared in court with her lawyer, Attorney T. C. Van Ness Sr., and was accompanied by her sister, Mrs. Juliette W. Lilley of San Rafael. Mrs. Lilley's husband, Alexander Lilley, and Miss Mary Eyre of Palo Alto.

Attorney Louis Hoefler was in court as representing the accused husband, but took no active part in the proceedings, as Hobart had already admitted his right to defend the action.

Mrs. Hobart relied upon her own testimony and that of Mr. and Mrs. Lilley and Miss Eyre to secure her decree.

CHARGES AGAINST HOBART.

In the testimony given, the charges against Hobart were substantially as follows:

That Hobart, while he and his wife were living in London, came home intoxicated and behaved extremely vulgarly toward his wife, and abused her.

That in France, after the Hobarts' little boy had undergone several operations, and Mrs. Hobart was almost dead from attending upon him, Hobart refused to remain with his wife and child, and went to Carlsbad.

That on a certain occasion Hobart came home with "some gentlemen," and that he tore the pictures off the wall and upset the flower pots, and that when Mrs. Hobart remonstrated with her husband, he advanced toward her, but was restrained by Lilley.

That on one occasion in San Mateo, about four years ago, Hobart was conspicuously and offensively attentive to a certain lady, and that when Mrs. Hobart remonstrated with him he swore at her and told her that he would continue to do as he chose.

That Hobart, while in Paris, boasted to Miss Mary Eyre of his relations with women in Paris, in San Francisco and in San Mateo; that he intended to continue such conduct.

When Mrs. Hobart began the beginning of the wedded life of the Hobarts was its ending.

THEIR MARRIAGE.

The nuptials of Walter Hobart and Hannah Williams, daughter of Commodore W. W. Williams, United States Navy, was given to the public, and was a very brilliant affair. Hobart was then a young man, with a great fortune on his hands and more wealth awaiting him. His bride was a beautiful young woman, who was a recognized leader in the best social circles.

But after the lapse of nearly seventeen years Mrs. Hobart found it expedient to secretly file her suit for divorce, and desirable to have it determined at a late hour yesterday afternoon, after the hall of justice had been emptied of its daily throng of visitors. The lawyers representing the complaining wife urged upon the court that there be no publicity in the matter. The divorce party slipped quietly into the hall of justice and as quietly slipped away.

When Mrs. Hobart turned away from the place she had so long avoided the sun was setting, and its setting marked the close of Hannah Williams' dream of happiness.

Mrs. Hobart, tall and slim and pale, showed the marks of sorrow and suffering as she entered the courtroom. She was simply clad in a plain gown, and there was about her no reminder of the fresh, joyous girl who had knelt at the marriage altar over innumerable years ago.

The testimony given by Mrs. Hobart was given in a low, subdued tone of voice, and it was obvious to the few who listened that she was laboring under a tremendous nervous strain.

ALAMEDA CITY CLERK TO LEAVE HIS OFFICE

ALAMEDA, April 2.—City Clerk Frank E. Browning announced today that he would resign his office at the expiration of his term on April 22. He is to go to Phoenix, Ariz., to enter into business. Browning has served six years in city clerk, holding the office under appointment.

WALKER DOUBTFUL ABOUT HOTEL BILL

Says Claremont Measure Has a Chance, But Legislators Don't Know Conditions.

A surplus of \$36.60 from the New Year's eve celebration fund remains in the treasury of the Merchants' Exchange, after all bills have been paid, according to the report made at the meeting of the directors of that body last night by Secretary Wilber Walker.

Walker also reported on his trip to Sacramento in the interest of the bill to make taxation possible on county or city properties located in other counties from those which own the estates. This, declared Walker, will probably pass, and will, in case San Francisco purchases the Spring Valley properties, allow this county to levy taxes as at present.

"I believe this bill will pass without trouble," he said. "The Claremont hotel bill is more doubtful. There is a great deal of misapprehension. The people do not understand the matter there as we do here. However, there is a chance."

Walker provides for the narrowing of the millage law in building the first hotel to sell liquor, as any first-class metropolitan hotel does. "The eight-hour law," said Walker, "will probably not be changed."

At yesterday night the officers and directors will be elected for the coming year.

LODGING HOUSE RAIDED AND WOMAN ARRESTED

Miss May Allen, landlady of a lodging house in Webster street, was arrested before Judge George Samuels this morning on two charges of violating the liquor ordinance and that of conducting a disorderly house. Miss Allen was arrested in a raid by the police. She has been released on \$200 cash bail on each charge. The liquor case was continued to April 5 to be set, the other case being continued to the same date to plead.

Climate Failed; Medicine Effective

Rest, fresh air and well-cooked, nourishing food do help many persons suffering with Lung Trouble. But in many cases the disease is only temporarily arrested, and something more is needed. E. W. Weber's Lung Tonic, a medicine for Throat and Lung Trouble, has brought about many complete recoveries. In many cases where the surroundings were not ideal, the many reports of recoveries received. "I believe that E. W. Weber's Lung Tonic should be used in every case of Lung Trouble. A remarkable case follows:

"My Dear Sir: Through your instrumentality I have been saved from a premature grave. On December 14, 1904, I was taken with Typhoid Pneumonia, which developed into Consumption. In February, 1905, I went to Fort Worth, Texas, and later to Chino City, Colorado. After being there two weeks, I was informed that my case was hopeless. Three weeks later I turned home, weighing 100 pounds, the doctor having given me no assurance of reaching there alive.

On July 14, 1906, I began taking E. W. Weber's Lung Tonic. I am stout and well, and can do any kind of work about by grain elevators.

(Affidavit) ARTHUR WEBER. (Above abbreviated; more on request.)

By many years' test I have been proven in cases of severe Throat and Lung affections, Bronchitis, Bronchial Asthma, Catarrh, Croup, and in rebuilding the system. Does not contain narcotics, poisons, or habit-forming drugs. For sale by E. W. Weber Drug Co., and other leading druggists. Write the E. W. Weber Laboratories, Philadelphia, Pa., for booklet telling of recoveries and additional evidence.

A HAPPY CHILD IN A FEW HOURS

When Cross, Sick, Feverish,
Tongue Is Coated or Bilious
Give 'Syrup of Figs.'

Look at the tongue, mother! If coated, it is a sure sign that your little one's insides, the stomach, liver and bowels are clogged up with purifying waste matter and need a gentle, thorough cleansing at once. When your child is listless, drooping, pale, doesn't sleep soundly or eat heartily or is cross, irritable, feverish, stomach sour, breath bad, has stomach-ache, diarrhoea, sore throat, or is full of cold, give a teaspoonful of Syrup of Figs. and in a few hours all the foul, constipated waste, undigested food and sour bile will gently move out and out of his little bowels without nausea, griping or weakness, and you surely will have a well, happy and smiling child again shortly.

Wife Syrup of Figs. you are not drugging your children, being composed entirely of luscious figs, senna and aromatics it cannot be harmful, besides they dearly love its delicious taste.

Mothers should always keep Syrup of Figs handy. It is the only stomach, liver and bowel cleanser and regulator needed. A little given today will save a sick child tomorrow.

Full directions for children of all ages and for grown-ups plainly printed on the package. Ask your druggist for the full name, "Syrup of Figs. and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious tasting, genuine reliable. Refuse anything else offered.

OIL COMPANY ELECTS OFFICERS

Associated, Controlled by S. P.,
Elects Wm. Sproule Pres-
ident.

OIL CENTER, Kern County, April 2.—The annual meeting of the Associated Oil Company, a corporation controlled by the Southern Pacific, was held here yesterday. President William Sproule of the Southern Pacific being named president and J. A. Chanslor and F. H. Buck of this city vice-presidents.

At the stockholders' meeting the following directors were named: William F. Herrin, William Sproule, M. H. Whitfield, J. A. Chanslor, F. H. Buck, T. O. Edwards, R. P. Schwaner, Rudolph Harold Jr., J. C. Kirkpatrick, F. G. Drum and F. B. Henderson. The directors then named the following officers: William Sproule, president; J. A. Chanslor and F. H. Buck, vice-presidents; J. R. Lewis of New York, vice-president; J. A. Sloan, treasurer; P. C. Williams, secretary; C. L. Coppage, assistant secretary; and R. A. Pake, assistant secretary in New York. The executive committee consists of Sproule, Drum, Herrin, Buck and Kirkpatrick. Annual meetings were also held for subsidiary companies, including the unincorporated oil of which Sproule, Buck, Kirkpatrick, Connell and Henderson were named directors, and Sproule, named president and Buck and Connell vice-presidents. One of the new directors, F. B. Henderson, is assistant central manager of the Associated Oil in charge of oil purchases and production and the company's physical property.

That pain around your heart means pressure of gas, the result of indigestion. It does not mean heart disease. Pain in the region of the heart is almost never present in organic heart trouble. Strength for the stomach is the one thing needed. Dr. Williams' Pink Pills, one after each meal, and a little care in the diet, will quickly restore you to health. This is the proper treatment for indigestion and you can begin it today and start on the road to health by getting a box of Dr. Williams' Pink Pills for Pale People from the nearest drug store. A copy of our new diet book is free on request and the pills will be sent you by mail, postpaid, on receipt of price, 60 cents per box, six boxes for \$2.50, by addressing the Dr. Williams Medicine Company, Schenectady, N. Y.

CADILLAC ENTERS FOR COMING RACE

Proposed Road Event Excites
Enthusiasm Throughout
Entire State.

(By EDMUND CRINNION.)

Although the entry blanks have not yet made their appearance for the Los Angeles-San Francisco July 4th race, interest is so keen among the motorists that entry checks have already started to roll in.

Chairman Leon Shettler announced yesterday that the first official entry in the spectacular road contest is the Cadillac, entered by Don Lee. The second entry is likewise a Cadillac, entered by S. A. Atkinson, who finished third in the Imperial Valley race and fourth in the Phoenix event. It is also understood that E. E. Hewlett, owner of the Fiat racing team has deposited an entrance check with the Los Angeles newspaper.

The executive committee expects that there will be at least a dozen entries within the next few weeks and from present indications over thirty cars will start in the long contest.

Assistant Manager Ostrom, Director of Publicity Frederick Pabst and William La Casse, with the Studebaker Pathfinder, are now going over the valley route visiting the city officials and civic bodies of the various towns relative to the organization of sub-committees. Assurances have been received from the large and small cities throughout the state, pledging their support and there is no doubt but that the cash prize will be the largest ever raced for in a road race.

The executive committee is anxious to decide definitely upon the course and will reach a decision as soon as possible. Stockton is making a bid for the race and there is a possibility that the cars will go that way if sufficient financial inducement is received. There are points yet to be decided. Much depends upon the attitude of the merchants in the different sections.

After the course is selected it will be necessary to make the official measurements, decide upon controls, fuel stations and checking points.

Committees are to be appointed in the different cities and one of the most important committees yet to be chosen is that in San Francisco. This will be done within the next two weeks and the Los Angeles and San Francisco committees will meet in conference and there is a possibility of a joint meeting of all committees at some central point to discuss the ways and means of securing the prize money.

All California is talking of the race and most of the large towns will be represented by entries. This will add to the general interest. Already half a dozen Francisco and Bakersfield, San Diego, Fresno and Visalia are certain to have entries. All of these towns have enthusiastic motorists who could not keep out.

NATIONAL ENLARGES PLANT.
"Another large addition has been made necessary at the National Motor Vehicle Company's building at Indianapolis," says John Fremming of the National agency house in Oakland.

"The newest addition, required by the steady increase in business, is a modern brick and cement building that allows general expansion and at the same time increases efficiency and eliminates any possible lost motion in getting material from one department to another. The new building allows 20,000 feet of floor space and there are three floors. It is built in the rear of the company's twenty-second street plant."

"On the first floor will be a general expansion of the machine shops, where the greatest care and attention is given every part of the car's construction, in a large of small. On the second floor will be an enlargement of the painting department where the most modern equipment has been installed. The top floor will be an enlargement of the body department, where body departments and has been especially arranged so as to afford good light and ventilation."

"The National factories are working both day and night, enjoying the largest influx of business during its twelve years of steady growth."

OAKLAND GIRL IS WEDDED IN JAPAN

Daughter of Mr. and Mrs. C.
G. Yale Becomes Wife of
Electrical Engineer.

Nettie Yale Bailey, younger daughter of Mr. and Mrs. Charles G. Yale of Euclid avenue, Northgate, Oakland, was married yesterday to the Japanese consul in Yokohama, Japan, to Hollis H. Arnold of Shanghai, China, who came there to meet her on the arrival of the "Korea" from San Francisco. A month will be passed in a tour through Japan when they will go to Shanghai to reside. Mr. Arnold is the electrical engineer for Andersen Meyer Co., agents in China, Manchuria and Korea for the General Electric Company of New York and has charge of designing and installing of electric power, railroad and lighting plants in those countries. He has recently built a fine two-story house for his bride in the French consular district of Shanghai and it has been newly furnished and equipped throughout. Tennis grounds have been laid out and a garage built for the new electric automobile. A fine motor boat for use on the Yangtze river has also been provided. When Mr. Arnold makes his annual trip this summer through Manchuria and Korea his wife will accompany him.

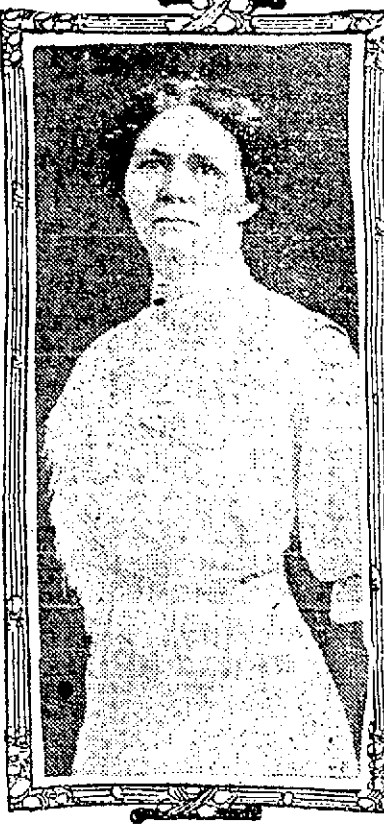

Mrs. Arnold was born and brought up in Oakland and met Mr. Arnold a couple of years ago when he was installing the electric plant at the Government Exposition at Nanking, China, and while she was visiting her sister, Mrs. Wilbur T. Grady (Emil Yale) wife of the American consul at that place.

VANCOUVER ATHLETES MAKE CLEAN SWEEP

VANCOUVER, B. C., April 2.—Officially Vancouver Athletic Club boxers made a clean sweep over the visiting San Francisco amateurs at the international tournament held last night, but an error of judgment on the part of the judges deprived Frank Malone, the coast 125-pound champion, of a clean victory over Billy Santos, Malone had the bout won in three rounds, but the judges failed to see it and an extra round was ordered in which the Vancouver boy had a shade and got the verdict.

The victories of Paul Pederson and Charley Patton were clean cut. The Battling Dan met Billy Jensen, the clever 125-pounder of San Francisco, beating him, decisively. Patton, the Canadian 125-pounder, defeated Phil Noonan easily.

GRACE CHURCH TO HAVE SOCIAL THURSDAY NIGHT

MRS. J. C. COBURN.

An April fool social is to be given Thursday night, April 3, by the ladies of the Grace M. E. Church, at the home of Mrs. John C. Coburn, the popular society leader and social center worker of Emeryville, at 1090 Forty-third street. Mrs. Jennings of San Francisco and A. H. Piepenburg will sing several selections as a part of the program. Mrs. W. B. Dyke is the chairman of the program committee assisting the hostess. This is the third of a series of social functions held for the benefit of this church and the previous socials have been the most successful of any ever held by the organization.

S. P. NEGOTIATES WITH PIPE LINES

Standard Oil Will Figure in the
Offers of General
Petroleum.

SAN FRANCISCO, April 2.—Vice-President E. E. Calvin of the Southern Pacific Company made known that in the renewal of negotiations between the railroad and the General Petroleum Company, by which the latter expects to get a contract to haul the Southern Pacific's oil through a pipe line from Bakersfield to Mojave, thus relieving the railroad of the expensive Tehachapi mountain haul, the Standard Oil will play a prominent part.

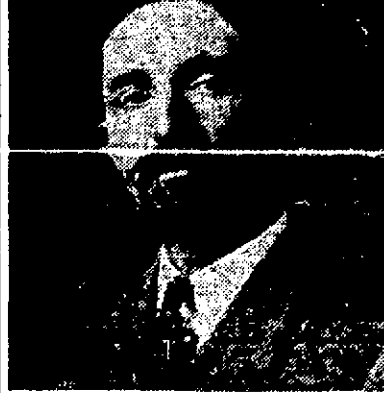

The Southern Pacific now has a contract with the Standard Oil. Under its terms the Standard Oil takes all the high gravity oil from the Southern Pacific. It gives it in return a similar quantity of heavy oil, which the railroad considers better for fuel purposes and gives the railroad in addition a certain percentage of the profits made by the refining process. This contract expires on January 1, 1914.

The General Petroleum Company proposes to carry the light oil through its pipe line to its refineries free of charge and give the railroad a certain percentage of the profit on the refined product. It also proposes to charge the railroad a certain price—somewhere between 6 and 7 cents a barrel—for the heavy oil carried through its pipe line.

General Manager Scott and Vice-President D'Heur of the Kern Trading and Oil Company, which is owned by the Southern Pacific, are understood to have reported against the General Petroleum's proposition. They decline to discuss the subject, however, until something definite is decided upon.

OGDEN'S NEW PITCHER.
SAN LORENZO, April 2.—R. W. Jones of San Lorenzo leaves this week for Ogden, where he will play with the Ogden team of the Union Association. Jones pitched for the San Leandro team last season and impressed the Oregon manager with his display. Melges of Zamlock, formerly of the San Leandro team, are playing with Missoula of the same league.

Special Designs For New Store

JAMES H. COBBLEDICK.

With the opening of the new wall paper establishment of the James H. Cobbledick Company in Maple Hall at 318 Fourteenth street Oakland, this city will have a concern catering to the very best class of trade and offering designs in wall paper made exclusively for the new firm. These designs can be secured nowhere else and will be carried in extensive selections in addition to the regular stock. The store was opened yesterday morning.

H. C. CAPWELL CO.

Black and White Checks Are Favored This Season in Suits, Dresses, Coats

That peculiar "something" about a black and white check garment that gives it an ultra-smart and distinctive look has caused suits, dresses and coats of this combination to be greatly favored by both the chic Parisienne and the smartly dressed American woman.

Capwell's are showing all three garments in models that are clever, original and exclusive.

BLACK AND WHITE SUITS are here in plain tailored and fancy styles and the new Russian effect with long blouse, held in by a soft crushed girde of satin or velvet in contrasting color. To give a brighter touch the collars and cuffs and lapels of many of the suits have trimmings of lace, braid or buttons. Prices range from \$17.50 for misses' suits to \$57.50 for women's sizes.

BLACK AND WHITE DRESSES have been in-

spired by much more expensive French models and are to be seen in clever Russian styles with wide girde and in high waisted effects with lace collars, some heavily trimmed on skirt and waist with rich black satin. Prices—\$22.50 to \$42.50.

BLACK AND WHITE COATS are shown in women's and misses' sizes in Norfolk, three-quarter and English Top Coats. Very attractive and practical garments that can be worn appropriately morning, afternoon and evening. Prices—\$16.75 to \$40.00.

New Filet Braid Work

Something new in the realm of Art Needlework originating in the exclusive shops of New York.

Made with ribbozene in the dainty pastel shades and finished with a pretty imitation file edge.

Comes in scarfs, pillow tops, pieces for pin cushions or opera bags, squares to be put together for bedspreads and other purposes.

We are prepared to demonstrate as well as teach this new work which is unusually pretty and inexpensive.

On display in Art Needlework Section.

These Are Feather Pillow Days At Capwell's

ADMIRAL COWLES TO TAKE COMMAND

Is On His Way to Guaymas to
Relieve Rear-Admiral
Southernland.

SAN DIEGO, April 2.—Rear-Admiral Walter C. Cowles, commander-in-chief of the Pacific fleet, is expected in San Diego this afternoon and will sail at 4 o'clock on the armored cruiser California for Guaymas to relieve Rear-Admiral W. H. Southernland of the command of the fleet. The California is now in the harbor for the voyage north.

The cruiser Maryland will remain in San Diego waters until the completion of battle target practice. Soon afterwards, it is stated here, the Maryland will be ordered to the Philippines and China. Admiral Southernland was to have been relieved of the command of the fleet last month, but owing to the sudden development of trouble in Mexico was ordered south to patrol the west coast of the turbulent republic.

Found a Cure For Rheumatism.
"I suffered with rheumatism for two years and could not get my right hand to my mouth for that length of time. I suffered terrible pain so I could not sleep or lie still at night. Five years ago I began using Chamberlain's Liniment and in two months I was well and have not suffered with rheumatism since."

**REACH AGREEMENT
ON WATER MATTER**
San Francisco and Spring Valley to Abide by Court Ruling.

SAN FRANCISCO, April 2.—At last an agreement on the water question has been reached between the Spring Valley Water Company and the city of San Francisco, and condemnation proceedings are to be commenced at once to determine the price to be paid for so much of the company's property as is necessary for San Francisco's water supply purposes.

This agreement was reached at a conference yesterday afternoon of the city's advisory water committee and Spring Valley representatives—W. B. Douthett, the president; A. H. Payson, vice-president; E. J. McCutchen, its attorney, and Frank B. Anderson, a director. All the members of the advisory committee were present—Matt Visor, the chairman; Mayor Ralph City Attorney Long and Supervisors Jennings and Vogelsang, chairmen, respectively, of the finance committee and the public utilities committee.

The suit is to be brought under conditions designed to insure it being carried to a prompt and mutually satisfactory conclusion, though each party reserves the right of appeal. A jury is waived by both sides. The trial will be had before three superior judges of the state sitting en banc, to be selected from six named by each side.

The advisory committee met today to select the six judges for the city. City Engineer O'Shaughnessy is to draw up at once a list of the properties which the city should have. A comprehensive report on all the steps to be taken will be made to the Board of Supervisors next Monday.

NURSE GOES FOR WALK AND FAILS TO RETURN

SAN FRANCISCO, April 2.—Mrs. G. L. Jeanette Wheeler, a nurse at the Maud Booth Home for Children, 832 Shotwell street, has been missing since March 23. On that day she went out for her usual recreation hour and has since failed to put in an appearance. She left her trunk, her letters, and all of her belongings in her room, and the officials of the hospital are at a loss to understand where she can be. She is 35, weighs 150 pounds, and was of medium height and dark complexion.

For Dyspepsia

If you suffer Stomach Trouble, and you try our remedy, it won't cost you a cent if it fails.

To prove to you that indigestion and dyspepsia can be "thoroughly" relieved, and that Rexall Dyspepsia Tablets will do it, we will furnish the medicine absolutely free if it fails to give you satisfaction.

The remarkable success of Rexall Dyspepsia Tablets is due to the high degree of scientific skill used in devising their formula as well as to the care exercised in their manufacture, whereby the well-known properties of Bismuth-Subnitrate and Pepsin have been properly combined with Carminatives and other agents.

Bismuth-Subnitrate and Pepsin are constantly employed and recognized by the entire medical profession as invaluable in the treatment of indigestion and dyspepsia. Their proper combination makes a remedy invaluable for stomach relief.

We are so certain that there is nothing so good for stomach ills as Rexall Dyspepsia Tablets that we urge you to try them at our risk. Three sizes, 25 cents, 50 cents, and \$1.00.

You can buy Rexall Dyspepsia Tablets in this community only at

HELPS DUKE TO

GAIN A THRONE

Captain Morton Assists His

Friend Montpensier to the

Kingdom of Albania.

SAN FRANCISCO, April 2.—Through

the aid and assistance of the intrepid

Captain Henry B. Morton of this city,

formerly commander of the Pacific Mail

liner Mongolia, the Duke of Montpensier

has no throne, and proclaimed himself

king of Albania, a province of Turkey,

which has been one of the bitterly dis-

puted sections of the empire in the present

war. The Duke of Montpensier is a

brother of the Duke of Orleans, royalist

heir to the throne of France and an uncle

of Manuel, deposed King of Portugal.

Captain Morton was engaged by the

Duke to command the private yacht,

Mekong, they sailed from England on a

world cruise which was to take them

to Africa and Asia after big game. When

the war with Turkey broke out the Duke

changed his plans and started after still

bigger game. The Mekong was headed

for the Mediterranean. The bold cruiser

skirted here and there near the scenes

of battle and finally made the bold and

daring plan which has placed the Duke

of Montpensier on the self-constructed

throne of Albania, which has been the

chief bone of contention between Austria

and Serbia.

A dispatch from Paris last night con-

tains the following:

"The Duke of Montpensier was pro-

claimed King of Albania today by the

provisional government of that country

according to a dispatch received here this

afternoon. It is further stated that the

Duke has accepted the offer of the crown

and that the powers will be asked im-

mediately to recognize him as the ruler

of the proposed autonomous kingdom."

CLUB DEPLETES

TREASURY TO AID

Seven Little Girls Send \$3.50 for Relief Fund; Other Contributions.

Treasurer James P. Edoff of the relief committee was delighted to find, among the morning's contributions to the Ohio and Indiana fund, a letter from the seven little girls of the Ruby Seal Club. It reads:

"Mr. James P. Edoff, 308 Oakland Bank. Dear Sir: Enclosed please find \$3.50 for the food relief fund. It is all we have in the treasury, but we send it hoping it will help someone. Yours truly,

"THE RUBY SEAL CLUB."

"Gertrude Schmidt, Gladys Thilen, Elizabeth Koser, Grace Nichols, Edwina Owen, Helen Starratt, David Starratt."

This contribution runs the full amount up to \$7184.40. Other contributions are:

Get My Book On Painless Dentistry

I have published a beautiful book telling about my remarkable Tetrasthesia method of absolutely painless dentistry. It is free and I want you to read it. Perhaps a great many people who have noticed my ads from time to time doubt that I really possess a means of filling, crowning and extracting sensitive teeth without pain to the patient. To these people I say: Send for my free book, read the facts concerning my great discovery and I am confident that the next time your teeth need fixing you will want me to do the work.

Keep in mind that Tetrasthesia does away with all the tortures of dentistry. It enables me to prepare cavities for filling, grind down sensitive teeth for crowning, take out live nerves, apply bridge-work, pivot teeth etc., entirely painlessly.

My book also explains how missing teeth can be replaced by the Rev. Alvor system without the use of plates or bridge-work. It tells what materials are best for crowns and fillings, what kind of plates should be worn when all of your teeth are gone, and contains a vast amount of information regarding various tooth troubles.

If you will call at my office I'll give you a demonstration of the methods free of charge or obligation. My book is free to all who write for it. Send your name and address today.

Consultation, examination and estimates free. Hours: 8:30 to 5:30; Sundays, 10 to 12.

CITY SHARES BIG TRACTION INCOME

Chicago to Receive \$2,500,-
992 Its 55 Per Cent
Net.

CHICAGO, April 2.—As a partner in the operation of the surface traction lines, the City of Chicago will receive within the next ten days \$2,500,992 as its 55% of the net receipts for the last year. It was made known today. The city's share this year is \$653,084 more than that paid a year ago and far in excess of any other year's profits since the passage of the traction ordinances in 1907.

The total amount which the city has received under the ordinances, including the amount to be turned over next week, is \$10,334,200. The accrued interest to date is \$400,000, making the special traction fund approximately \$11,000,000.

Since the passage of the ordinance six years ago, the companies have expended \$50,000,000 in rebuilding lines, purchasing new equipment and in making extensions.

NAVY BOARD FORMED ON SAFETY OF FUEL OIL

WASHINGTON, April 2.—A board of naval officers has been formed, it was announced at the navy department today, to determine the limits of safety of oil stored and used on board ships. The action was taken in view of the extensive use of oil for fuel in the navy.

Great Laboratory Finds Antidote for Blood Poison

Wonderful Results Now Being Accomplished by a Herbal Extract from the Swift Laboratory in Atlanta.

The ancient and destructive treatment so long in use for blood poison is now banished forever. No longer will mercury, iodides and arsenic destroy human kind. The great Swift Laboratory at Atlanta is making a powerful herbal extract that is unquestionably one of the greatest medical discoveries of all times. This wonderful preparation is now on sale in nearly every drug store throughout the country under the name of S. S. S. Its action is marvelous. Some of the effects of blood poison cured are mucous patches in the mouth, ulcers on the tongue, lips, in the nose and throat; copper colored spots, eczema, articular rheumatism, scrofulous sores and ulcers, and every disease and stage of blood poison.

The fame of S. S. S. has become almost world-wide. It has given perfect health

STUDENT'S SWEETHEARTS THINK ONLY OF LOVE

By LAURA JEAN LIBBEY

(Copyright, 1913, by Laura Jean Libbey.)

LAURA JEAN LIBBEY.

salin rosetted or jewel buckled affairs. There are maidens, too, who have no confidence in their own conversational abilities. They fear they might make a laughing stock of themselves in the young man's eyes, so that he would be sure never to call again, but speak disparagingly of her to his companions. A girl may have a great regard for a young man with whom she is in love, but if she is a girl of only limited means and hears that he is invited to homes of wealth and splendor she will not give him the opportunity of making comparisons with her humble abode.

On the other hand if she is a girl of wealth and yet refrains from asking him to call, although seemingly pleased with his society when she meets him elsewhere, she, too, may have good reasons for her conduct. At that particular time she may have a houseful of company and asking him to call upon her is not advisable at that inopportune time. She may be doing her utmost to get rid of an unwelcome suitor whom her father insists upon bringing to the home almost every night in the week, encouraging a match between them. She may not be able to do as she pleases until she is of age. There are many other reasons why a girl may withhold such an invitation without understanding the true facts which influence her.

"DO RED ROSES GO WITH DARK HAIR?"

"Dear Miss Libbey: If a young man has never called on a certain young lady, but has accompanied her to several parties, etc., is it right for him to ask if he may come and see her or should he wait until she has asked him to do so? Do red roses go good with dark hair and eyes? If not, what flowers do, and would it matter about the color of the dress? How about white duck trousers, blue coats and white straw hats for the young men in a high school commencement program. JIM."

It is the girl's privilege, Jim, to extend the invitation to the young man to call. Frequently they may be requested the privilege. It is optional. Red roses do go well with dark hair and eyes. The color of the dress should be considered in the choice of flowers to be worn. There are some colors that would not harmonize with red at all. Violets are usually the safest flowers to send a girl to wear with an evening dress. They harmonize with almost every color. I do not think the commencement outfit you describe would be at all appropriate. White trousers are worn only for outdoor affairs.

SHE WANTS LOVE.

"Dear Miss Libbey—I am 21, considered very good looking. Of late I have

A man meets a nice young girl with whom he becomes deeply enamored, meeting her often and chatting with her, but fails to receive an invitation from her to call at her home. He should not decide that he has made no impression upon her. The girl may admire him immensely yet she may be manifold reasons for not wishing to receive him at her home.

She may have a father who objects to his daughter having a beau. There may be but one room devoted to company, and that is the living room. The family all gather there evenings and she is bashful. Or it may be that the room is shabbily furnished as she considers it and she is proud spirited and vows never to leave friends visit her until father buys a few chairs that are not in danger of collapse if sat down upon and that she will have no one to dinner when there are no dishes in the house, except the cracked ones. A girl may have a still deeper grievance. It may be that father has a habit of coming home now and then at the edge of the evening in a very hilarious mood. Or she may have a cousin or a very youthful aunt stopping at the house who would push their way into the parlor to assist her in entertaining her guest, or perchance have the last word or handshake with him when he was departing. There are maidens, too, who are still enough to believe that although they look charming in their street attire, topped off by a picture hat, they are positive frights in their plain little home dresses with which they must wear their every day walking shoes in the head of the dainty such as other girls have.

There are maidens, too, who have no confidence in their own conversational abilities. They fear they might make a laughing stock of themselves in the young man's eyes, so that he would be sure never to call again, but speak disparagingly of her to his companions. A girl may have a great regard for a young man with whom she is in love, but if she is a girl of only limited means and hears that he is invited to homes of wealth and splendor she will not give him the opportunity of making comparisons with her humble abode.

MATHIESON IS CLEARED BY JURY

Judge Displeased at Verdict of Acquittal; Scores Jurymen.

SAN FRANCISCO, April 2.—"Gentlemen of the jury, it is not within the province of this court to comment on your verdict. Still, I take this opportunity to point to a fact or two. Homesteads are alarmingly on the increase. Convictions are on the decrease. In my opinion this deplorable state of affairs is due almost wholly to chicken-hearted jurymen. That is all, gentlemen."

Such was the comment of Superior Judge Edgar T. Zook of Marin county last night when a jury returned a verdict of not guilty in the trial of Captain Frederick Mathieson, who was charged with shooting and fatally wounding his wife on the night of March 7.

When the jury retired shortly after 4 o'clock yesterday afternoon both counsel for the state and the defendant expressed opinions that it would be a verdict of acquittal or disagreement.

Two hours later the jury returned a verdict of not guilty. District Attorney Thomas P. Boyd looked in amazement. So did Judge Zook. As soon as he received his verdict Judge Zook made the above-mentioned comment.

Mrs. Dolly Arless, former actress, who is alleged to have been the cause of quarrels between Mrs. Mathieson and the captain, rushed to the defendant as soon as the verdict was read and threw her arms about him. Captain Mathieson refused to discuss the verdict.

The crime for which Captain Mathieson was charged was the shooting of his wife on the night of March 7. Mrs. Mathieson was seated at a piano in this San Rafael residence when a bullet from the captain's revolver entered her chest, passing through her heart. She died instantly. The shooting was accidental, Mrs. Mathieson died the next day in St. Mary's Hospital in this city. Before her death she absolved Captain Mathieson of all blame. Later he was indicted by the grand jury for manslaughter. At the trial the only material evidence introduced in behalf of the defendant was Mathieson's version of the shooting.

GREAT MANSION IS BEING PLANNED

William G. Irwin Buys Carolan Home; New One to Be Built.

HILLSBOROUGH, April 2.—William G. Irwin, whose son-in-law is Charles Templeton Crocker, is reported to have purchased the Francis J. Carolan mansion in Hillsborough for \$200,000.

This means that the Carolans will begin immediately the construction of a \$1,000,000 residence on their 550-acre estate in Hillsborough.

Negotiations have been on for the sale since Irwin's daughter Helene was married to Crocker more than a year ago. The Carolans were not anxious to sell the estate, which consists of only 200 acres, but demanded \$500,000 and \$50,000 for the improvements.

This is a record price for Hillsborough property. Recently the Carolans purchased 50 acres in the Black Mountain district.

The present Carolan mansion is near the Burlingame Country Club, the residences of George A. Newhall and George A. Pope adjoining. The grounds are highly cultivated.

SWEETHEARTS OF 50 YEARS AGO MARRY

FUEBLO, Colo., April 2.—The Rev. Albert Nelson, pastor of St. John's, 72 years old, and Mrs. Alice W. Carter of Beulah, Colo., 71, were married here last night at the home of a niece of the bride. They were sweethearts fifty years ago. The Rev. Mr. See recently learned that Mrs. Carter, of whom he had not heard for many years, was in Colorado, and at once left his Kansas home, resumed his wooing and after a half century won her as his bride.

MAY VISIT AMERICA.

LONDON, April 2.—The Pall Mall Gazette yesterday said that the Prince of Wales probably would visit Canada and the United States during the coming summer. Nothing has yet been decided definitely, but the idea is considered in a sympathetic manner.

RASH ON BABY'S HEAD AND ARM

Small White Blisters. Hair Came Off All at Once. Itched So Badly Nearly Went Crazy. Cuticura Soap and Ointment Cured.

Kayville, Utah.—The trouble that my baby had began when she was about six months old. As time went on the baby rash then formed to small white blisters which broke and ran together on her head and one arm. They made a thick brown scab all over her head from her eyebrows to the crown of her head. We had seen all at once as the blisters ran together. It itched so badly that she nearly went crazy. She was cross and fussy.

I used Cuticura Soap and Ointment for rash, as I read for a sample. The first application helped her. I washed her head thoroughly with Cuticura Soap, dried it carefully with a piece of cotton, then smeared the Cuticura Ointment over the affected parts and in the morning washed it again. I used the sample of Cuticura Soap and Ointment, bought two tubs of Cuticura Soap and one box of Cuticura Ointment. I used them for two months and she was completely cured and her hair has come back pretty well again. (Signed) Mrs. O. H. Roy, Kayville, Utah. Cuticura Soap (24c.) and Cuticura Ointment (50c.) are sold everywhere. A single set is often sufficient. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Free Shaving 24c. 24c. Sample Free.

AMUNDSEN WILL DRIFT OVER POLE

Has Ordered Two Hydroplanes for Trip; Says He Does Not Look for Records.

EUGENE, Ore., April 2.—"There will be no trace of Peary or of Cook at the North Pole when I get there a few years from now," said Roald Amundsen, the explorer, in an interview here yesterday. "I do not believe there is any land there, but expect to find nothing but a great sea of floating ice."

Explorer Amundsen intends to discover the real location of the North Pole by drifting across it even though it may take him five years to do so. He will take along with him two Christofferson aeroplanes, which are now being made in San Francisco. These aeroplanes will not be used in an attempt to reach the pole, but simply to rise above the mists for the purposes of astronomical observations or to get a wide view of the territory through which he is slowly drifting.

"I shall use the slowest and the fastest known means of locomotion," he explained yesterday, speaking with characteristic dialect and using the fewest words possible. The explorer doesn't like to be interviewed, though once cornered he sits behind a gracious but formidable smile and answers pleasantly.

USE HYDROPLANES. "We will use the hydroplanes," he went on to explain, "only for look-out purposes. Yes, they are very powerful—150 horsepower."

So, there is no danger of the water freezing. It is not very cold at the pole—in the summer time. That is for two months in the year."

He expects to leave San Francisco in June, 1914, and enter the ice fields of north Alaska, preparing to stay at the drifting ice until he has reached his ship over the course that barrels in previous Arctic experiments have taken until he reaches the Greenland coast after having drifted, as he claims, entirely over the spot where the North Pole is believed to be. He will not leave the ship for any purpose other than to take observations, and he doesn't intend to cover any territory with dogs and sleds. Wireless equipment will keep him in touch with the world.

Amundsen expressed surprise at the press dispatch from Toronto yesterday in which it was stated that two-thirds of the survivors of the Scott expedition have become bald or gray-haired because of some peculiar disease at the poles.

"I know of nothing like that," he said. "I was partly gray-haired when I was 15 years old, but my hair has not changed since. Life in the polar regions is very healthy."

SACRAMENTO RIVER PLAN WILL BE DISCUSSED

WASHINGTON, April 2.—Representatives Baker, Curry and Kent yesterday appeared before the board of army engineers and presented arguments favoring the Sacramento river project. The board met May 26 for a hearing.

A. L. Shinn of Sacramento of the California Board of Rivers Control will appear at the hearings, besides the California congressmen, and urge a favorable report on the improvements.

This is a record price for Hillsborough property. Recently the Carolans purchased 50 acres in the Black Mountain district.

The present Carolan mansion is near the Burlingame Country Club, the residences of George A. Newhall and George A. Pope adjoining. The grounds are highly cultivated.

OIL OIL SHIPMENT WILL NOT BE SEIZED

WASHINGTON, April 2.—Danger of the seizure, by the Greek forces in Turkey, of oil oil exported from the United States, has been removed, according to the announcement of the State Department by successful negotiations with the Greek government in regard to the shipment.

Several weeks ago the Greek government ruled that oil oil, being used as a lubricant, would be considered contraband of war when destined to Turkish ports, and consequently subject to confiscation. A protest was made by the American government on the ground that the oil primarily was an edible substance. The Greek government has consented to take this view of the matter.

FIRE CAUSES LOSS.

JANESVILLE, Wis., April 2.—Fire starting in the Reed Brothers' dry goods store last night caused a loss of \$300,000. The burned buildings collapsed into the river.

NEWSPAPER'S JOKE IS CAUSE OF EXCITEMENT

RHEIMS, France, April 2.—A Rheims newspaper startled its readers yesterday by the publication of a statement that a German Zeppelin dirigible balloon, after cruising over the fortress at Toulon and Verdun, had come to earth near the Rheims barracks, having lost both of her propellers.

Enormous crowds of excited people hurried to the spot indicated but saw no Zeppelin. Then some one remembered that it was the 1st of April. The people took the joke very badly and police and gendarmes had to be rushed to the scene to disperse them. The paper will be prosecuted.

Y. M. C. A. EXTENSION.

CHICAGO, April 2.—Thirty new Young Men's Christian Association buildings, involving the expenditure of \$6,000,000, will be built in Chicago within the next 10 years, according to the program for the extension of the work of the organization here made public last night.

GRAY HAIR TURNS ITS NATURAL COLOR AFTER APPLYING SAGE TEA

Mixed With Sulphur It Darkens Beautifully and Takes Off Dandruff.

Almost every one knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray, also cures dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which was messy and troublesome.

Nowadays skilled chemists do this better than ourselves. By asking at any drug store for the ready-to-use product—called "Wyeth's Sage and Sulphur"—you will get a large bottle for about 50 cents.

Sulphur Hair Remedy—you will get a large bottle for about 50 cents. Some druggists make their own, but it's usually too sticky, so insist upon getting "Wyeth's," which can be depended upon to restore natural color and beauty to the hair and is the best remedy for dandruff, dry, feverish, itchy scalp and to stop falling hair.

Folks like "Wyeth's Sage and Sulphur" because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly, says a well-known downtown druggist. You dampen a sponge or soft brush and draw it through your hair, taking one small strand at a time. This requires but a few moments; by morning the gray hair disappears and after another application or two is restored to its natural color and looks even more beautiful and glossy than ever.

PACIFIC GAS AND ELECTRIC COMPANY

A Great Modern Convenience

Aside from the great comfort and convenience of electricity as a lighting factor, it greatly adds to the beauty of the home. It gives the house a modern, up-to-date appearance and makes things cheery. Why burn dirty, smelly lamps when electricity may be enjoyed at a very small cost? Electricity is quick, convenient. With it in the house bright light is always at hand simply by pressing a button.

Write us for full information.

"Pacific Service" is "Perfect Service"

PLACER MINERS LOSE 8-HOUR LAW FIGHT

JUNEAU, Alaska, April 2.—The territorial senate yesterday passed the miners' eight-hour bill after several amendments had been adopted. The bill as it goes to the house provides that men employed in quartz mines shall not work more than eight hours, time going to and from the work not included. Where the territory is a scarcity of water, placer mine operators may work their men overtime. This provision actually makes the eight-hour law of no effect in the placer camps of Seward peninsula.

LIFE TERM FOR ROBBERY.

VANCOUVER, B. C., April 2.—At the spring assizes before Justice Morrison, George Wilson, a handily, was sentenced yesterday to penal servitude for life for robbery and attempted robbery.

I tell you, every lie is born either of fear or greed. In the 25 years of my professional life I've become "case-hardened" against lies, and every dentist in America should know it by this time.

—Painless Parker

I Can't Prevent Being Imitated

And I can't protect you if you go to some dentists who tell you they can do painless dentistry "just as good" as Painless Parker.

But if you come to my office I can protect you from suffering and poor work. I have built up the largest dental business in the world in a quarter of a century, and I have to offset the failures of my imitators, and at the same time make good for myself. I do this by giving my patients HIGH-CLASS PAINLESS DENTISTRY AT HONEST PRICES.

There was never yet a successful man who did not make enemies. If you want to be absolutely without enemies, you must do nothing, say nothing, be nothing.

Other dentists see my offices doing the largest dental business year after year in every city where they are located, and they say to themselves: "Why can't I fool the public by imitating Painless Parker?"

Thousands have tried it and failed, but there is a new crop of "suckers" coming on all the time, for there seems to be no end of dentists who have never learned the truth that Abraham Lincoln so aptly described when he said:

"You can fool part of the people all of the time, all of the people part of the time, but you can't fool all of the people all of the time."

When you trust your teeth to some so-called painless dentist who is imitating me and declares that he can do good painless dentistry just like Painless Parker, you should stop to realize that you are playing "sucker" for another "sucker."

Of course it doesn't injure my business to have imitators, as the growth of my business shows since I originated painless dentistry, but it does injure your teeth to have imitators experiment on them.

If you come to me I can save you tooth trouble, and you will then know what more than 700,000 satisfied patrons of my offices know. You owe it to yourself to know as much about your teeth as anyone else knows.

CONSULTATION AND EXAMINATION FREE. Hours, 8:30 to 6. Closed Sundays.

Painless Parker

Twelfth and Broadway, Oakland.

Stockton and Ellis, San Francisco

Other offices in Los Angeles, San Diego, Bakersfield, Brooklyn, N. Y.

Stops Falling Hair

Hall's Hair Renewer certainly stops falling hair. No doubt about it whatever. You will surely be satisfied.

ELECTRIC RAILWAY OFFICERS ORGANIZE

Three States Concerned in the New Pacific Coast Association.

SAN FRANCISCO, April 2.—Twenty-five electric railways operating in California, Oregon and Washington were represented at a meeting in San Francisco yesterday for the organization of the Pacific Coast Electric Railway Association, which becomes a section of the American Electric Railway Association, a national body.

Officers elected for the Pacific Association are: President, F. W. Mid, general manager of the Portland Railway, Light and Power Company, Portland, Ore.; first vice-president, T. C. Gregory, president of the Vallejo and Northern Railway, San Francisco; second vice-president, A. W. Leonard, of the Puget Sound Electric Railway, Seattle, Wash.; treasurer, Norman Logan, of the Northern Electric, San Francisco. The executive committee consists of T. C. Gregory, San Francisco; W. L. Dunne, of the Los Angeles Railway Company; Paul Shoup, of the Pacific Electric, Los Angeles; Charles N. Black, vice-president and general manager of the United Railroads, San Francisco; D. L. Huntington, president of the Washington Water Power Company, Spokane, Wash.; Guy Talbot, president of the Pacific Light and Power Company, Astoria, Ore.; and W. R. Albenga, vice-president and general manager of the San Francisco and Oakland Terminal Railway.

Charles N. Black of San Francisco, James H. McGraw, Harry C. Doncker, E. H. Baker and H. C. McConaughy of New York represented the national organization at yesterday's meeting. Black is first vice-president of the national body, and in accordance with the usual custom, will probably succeed to the presidency next year. McGraw is vice-president of the parent association and president of the concern that publishes the Electric Railway Journal. Doncker is secretary of the American Association.

McGraw, Doncker, Baker and McConaughy came to San Francisco to assist in launching the Pacific Coast Association and to further plans for holding the 1915 convention of the American Electric Railway Association in San Francisco at the time of the Panama-Pacific International Exposition.

"The object of this association is to cultivate better relations with the public by telling the public of the difficulties and problems connected with electric railroads," said McGraw, following the meeting yesterday. "We believe this will enable the public to appreciate better what the electric roads are up against."

VETERAN'S DEATH MOURNED BY MANY OAKLAND FRIENDS

THE LATE GEORGE B. MCCORD, CIVIL WAR VETERAN, WHO DIED MONDAY AFTER YEAR'S ILLNESS.

In the death of George B. McCord, who passed away Monday after an illness extending for nearly a year, Oakland has lost an estimable, upright and honorable citizen, and the country at large a brave and patriotic defender in her time of need. Besides his widow, he is survived by two sons, a daughter and two brothers.

Deceased was born in Erie county, Ohio, April 8, 1844. His childhood days were spent in Erie and Sandusky counties, Ohio. He attended school in Bellevue, Clyde and Fremont, Ohio, and after the war, in Cornell College, Mount Vernon, Iowa. He enlisted in the service of the United States at Sandusky county, Ohio, as a private in Company G, One Hundred and Eleventh Regiment, Ohio Volunteer Infantry, in August, 1862, and was promoted to sergeant. He was mustered into service at Camp Toledo by Captain Howard, United States Army. He received the appointment of Orderly Sergeant, and afterwards was promoted to First Lieutenant and placed in command of Company F.

McCord passed through many spirited and exciting battles and experienced many long and fatiguing marches through Ohio, Kentucky, Tennessee, Georgia and Alabama. He was in the siege of Knoxville and battles in that vicinity, Atlanta campaign and battles along the Georgia coast. He was in the battle of Cedar Bluff, Ala., in October, 1864, but made his escape and was hunted down by bloodhounds and returned to the prison at Cahaba, Ala. From there he was sent to Andersonville, Ga. After remaining there about six months he was taken to Vicksburg, Miss., where he was comfortably clothed and properly fed. He remained there about 30 days and then boarded the ill-fated steamer "Sultana." Everything moved along quietly and pleasantly until the steamer passed Memphis, Tenn. He was quietly sleeping on a cot in the cabin at the time of the explosion. He was wounded, and long carried down the river until after daylight, when he was picked up by the steamer "Jennie Lind," and was landed in safety at Memphis, Tenn. Captain Taggart and McCord, in permission of General Washburn, boarded the next steamer for Cairo, Ill., and from there by rail to Indianapolis, thence to Columbus, Ohio, where a few weeks later, they were honorably discharged from the service. After visiting friends and relatives in different parts of Ohio, he went to Iowa, being at one time sheriff of Marshall county, and had the usual experience of a Western sheriff of shooting and being shot. Many men are now laughing within the walls of the penitentiary that surrendered only after a desperate struggle and, overcome by him, were compelled to give in. He was badly wounded, and at one time his wounds were considered fatal.

As sheriff he served with distinction and remarkable discrimination. During his incumbency and while in the performance of his official duty he was on several occasions severely wounded, and it is thought the severe ordeals through which he at that time passed were factors in his death.

Later he went to Hanford, California, where he engaged in the hotel and ranch business, and was elected Commander of McPherson Post No. 1, G. A. R., at the time of the department encampment held in Hanford. Retiring to Lincoln, N. D., he remained there until he moved to Oakland, and transferred later to Lyon Post No. 8, of Oakland, of which he was a member at the time of his death.

Captain Powell graduated from the military academy at West Point in June, 1880, and was commissioned as a second lieutenant in the Second Infantry. He became first lieutenant in the First Infantry in 1897; a captain in the Eleventh Infantry in 1899, was transferred to the Fourth Infantry in 1901, and later in the year to the Twenty-fifth Infantry in 1906. He retired November 26, 1908, as a result of disability in line of duty.

Captain Powell was born in Alabama November 20, 1867. His body is expected to reach San Francisco in a few days.

SAN FRANCISCO, April 2.—Charging that the Southern Pacific Company has failed to live up to the conditions upon which it was granted a franchise on Eighth street, Alameda, C. W. Stewart of 3010 Central avenue yesterday filed a complaint with the Railroad Commission. Stewart declares that the Alameda City Council granted the railroad on September 28, 1908, a franchise on Eighth street with the understanding that the company would establish a passenger service along Eighth street and from Alameda to Oakland.

The complaint cites that the schedule provides for the operation of but two cars a day, and asks that the commission investigate the facts and order the railroad to furnish adequate service from Eighth street, Alameda, to Oakland, in accordance with the conditions specified in the franchise.

Full crew bill is approved by governor.

TRENTON, N. J., April 2.—Governor Fielder approved last night the "full crew" bill recently passed by the legislature. The law becomes effective May 1.

Representatives of practically all the railroads operating in the state appeared before the governor today and urged him to veto the measure on the ground that it would impose upon the railroads a large and unnecessary expense.

PROGRESSIVES RUN THIRD IN CHICAGO ELECTION Democrats Carry City, Republicans Second; Wets Win in Many Towns

CHICAGO, April 2.—Democrats swept the city in yesterday's municipal election, returning 22 aldermen and the superior court judge, city clerk and city treasurer. The proposed bond issue of \$2,850,000 urged by the Hearst-Harrison faction of the Democratic party here carried by a small margin.

Republicans elected 11 aldermen. Progressives three and independents one. The Progressives had candidates in every ward but failed to show strength, being outvoted by the Republicans by nearly three to one. The Socialist vote was consistently scattered through all the wards and was not far below the Progressive total.

Alderman Michael Kenna, known as "Hinky Dink," the fellow councilman of "Bathhouse John" Coughlin for the First Ward, was returned as usual by an impressive total, getting 4338 votes to the Progressive 711 and the Socialist 201. He had no Republican opposition.

The single independent candidate to be elected is Alderman Charles F. Merriam, a professor at the University of Chicago, and until recently a Progressive leader.

KIEL WINS AT ST. LOUIS. ST. LOUIS, April 2.—With four precincts missing, Henry W. Kiel, Republican, is leading his nearest opponent, Dr. John H. Simon, Democrat, in the mayoralty race by 1930 votes.

DEMOCRATS WIN. SPRINGFIELD, Mo., April 2.—Of the eight councilmen elected yesterday six are Democrats and two Republicans. A Progressive ticket was in the field but the Progressive vote was light.

WETS WIN AT VALLEJO. VALLEJO, April 2.—That the wet forces had won in the election here yesterday was admitted at midnight, though all the votes had not been counted. The election was upon the question of reducing the number of saloons in Vallejo from the present 50 to 25. It was estimated that the drys had been out-voted three to one and this marks a second victory for the wets. In an election last June they defeated the effort to raise the liquor license from \$400 to \$1000.

YESTERDAY'S ELECTION. J. H. Copley was elected school director and George B. Hildrath was re-elected auditor and assessor, both defeating Socialist candidates.

OPEN TOWN WINS. LA CROSSE, Wis., April 2.—The advocates of a wide-open town named the candidates for mayor at yesterday's election after a bitter fight. The campaign was based on the claim that the reform element was proceeding too rapidly in the elimination of wrong conditions.

AT ASHLAND, WIS. ASHLAND, Wis., April 2.—Clarence Bennett was elected Mayor under the commission form of government.

WOMEN'S VOTE LARGE. KANSAS CITY, Mo., April 2.—Re-living at midnight indicated that G. W. Green had been elected mayor of Kansas City, Kas., over J. E. Porter, the incumbent. Both Porter and Green are Democrats and no partisan issue entered into the campaign.

MAYOR PORTER LATER CONCEDED THE ELECTION OF GREEN BY 300 PLURALITY. The vote of the women was large. Incomplete returns indicated that R. L. Corran had defeated Mayor J. B. Willard for mayor of Topeka by about 700 plurality.

E. W. Cranley was elected mayor of Leavenworth over Peter Everhardy. Here, as in most of the other cities, partisan lines were not drawn. Incomplete returns indicated the election of Dr. C. C. Finney, a Democrat, as mayor of Atchison.

In the majority of the towns the women cast a large vote. In most instances the voters were divided on local reform issues. In Cherryvale the citizens voted to abolish public potholes.

HOW A WIDOW SOLVED PROBLEM

Makes Living for Herself and Children With Aid of Classified Ads.

How a woman, left a widow, with children to support, but possessing no knowledge of any calling upon which to base a search for employment, can make a living for herself and family was solved successfully by one Chicago woman so situated. Among her few possessions was a toy dog, a tiny animal, valued because of its small size. She placed an advertisement in the Chicago Daily News, offering the dog for sale, but in writing the "copy" she was seized with an inspiration and added two words, "Pugs breed." The results were beyond expectation and for several years, until her death last fall, she made a comfortable living from boarding the pets of families going away on vacation.

The classified advertising columns of a newspaper have become the "Clearing House" for all sorts of needs, and many readers find them fully as interesting, far more profitable than the regular news pages of the paper.

In Oakland, THE TRIBUNE is the big classified advertising medium. Its columns are full of live advertisements that are changing from day to day allowing that its patrons are receiving prompt replies.

OAKLANDER ON NEW BOARD OF DEACONS

ALBANY, N. Y., April 2.—The general deacons board of the Methodist Episcopal Church, incorporated, with principal offices at Buffalo, was incorporated yesterday to establish deaconess homes throughout the country. The directors include George W. White, Oakland, Cal., and William H. Rees, Everett, Wash.

IDORA PARK ENTERTAINS ST. JOSEPH'S BOYS

One hundred boys of St. Joseph's academy of this city were guests of Idora park today. Accompanied by Brother Austin the lads had free reign at the park and spent the day there.

to death. The new law takes effect October 1 next.

MAYOR OF BISMARCK

BISMARCK, N. D., April 2.—A. W. Lucas was elected mayor of Bismarck yesterday. This was the first election under the commission form of government.

DEMOCRATS WIN

JOPLIN, Mo., April 2.—Joplin elected the Democratic city ticket yesterday with the exception of four out of 19 councilmen chosen.

"Fifty Years Ago, When Golden Wedding Rye Was Young"

You may not know the real Flavor and Quality of Whiskey. If not, there is a treat in store for you—satisfaction that you did not dream, may be found in

Finch's Golden Wedding Bottled in Bond

It has the original Flavor and Quality untainted. This gives it the Mellowness and Mildness that you have sought in whiskey and have never found before. It is free from those undesirable after-effects found in ordinary whiskey.

Golden Wedding is distilled only from the finest Rye and Barley Malt, under government supervision. But Golden Wedding is different from ordinary whiskey. It is made by a formula and process that keep the wonderfully mellow quality absolutely untainted all the way through.

Society

PERHAPS the most important social event of the day is the University Assembly at the Hotel Oakland tonight, when six of the oldest Greek letter fraternities on the campus will be hostess to several hundred fellow students and friends. College dances are always delightfully spontaneous affairs, for the spirit of youth and pleasure stands ever near to beckon to the merry-making when a crowd of college folk get together. The assembly is the most important social event of the year in university circles and the invitations are highly prized. Some of the chaperones of the ball will be Mrs. Phoebe Hearst, Mrs. Benjamin Ide Wheeler, Mrs. Charles S. Wheeler, Mrs. Edwin Garthwaite, Mrs. James and a few others. The fraternities whose members will act as hosts at the Assembly this evening are the Chi Psi, Beta Theta Phi, Sigma Chi, Phi Gamma Delta, Delta Kappa Epsilon and Zeta Psi. Supper will be served in the Renaissance grill room after the dance.

LUNCHEON FOR CLUB.
The Misses Huff, who formerly resided in Fruitvale, will entertain the members of the Cosmos Club at luncheon in San Francisco next Monday afternoon. The Cosmos Club is formed of a coterie of society matrons who are all close friends, and who meet frequently for pleasant afternoons about the card tables. The hostesses will entertain their guests at the home of their sister, Mrs. Bush Fennell, across the bay, and bridge will follow the luncheon. Mrs. Edward Walsh, the president of the club, is at present traveling in Europe with her husband.

AL FRESCO TEA.
One of those delightful affairs which are out of the ordinary, and therefore sure to be all the more enjoyable, is being planned by Miss Grace Clawiter, who will give an al fresco tea at her beautiful country home at Mt. Eden the latter part of the week in honor of Mrs. Frank Helm of Manila, who is visiting at the Herman Krus home in Alameda. The guests will motor to Miss Clawiter's home for the original affair.

RECENT WEDDING ANNOUNCED.
The marriage of Neal Harris, son of Superior Judge T. W. Harris, and Miss Edna Laura Stephens has been announced. The ceremony took place Saturday in St. Paul's Episcopal Church in the presence of immediate relatives only. Rev. Alexander Allen officiated. The bride is a daughter of Mr. and Mrs. H. Stephens and was secretary to Postmaster Paul Shafer for several years. Her father is superintendent of the railway mail service of this district. Mr. Harris was formerly a star athlete at the University of California.

Since his graduation he has been connected with the board of fire underwriters in the capacity of inspector. Mr. and Mrs. Harris departed immediately after the ceremony for the San Joaquin valley, where the groom will resume his inspection work after the honeymoon. They will later return to this city to make their home.

TO WED IN APRIL.
One of the pretty weddings of April will be that of Miss Grace Clark and Alexander McLean Blackwell, who have been engaged for some time. The wedding has not yet been decided upon the exact date, but the wedding will be quietly solemnized at the home of the bride, with her two sisters, Miss Elizabeth and Miss Margaret Pack as bridesmaids. Blackwell is engaged in business in the southern part of the state, and will take his bride southward to reside after the honeymoon.

TO GO EAST.
Miss Vera Hamilton who, with her mother, has been spending the winter on the coast, will leave during the month for her home in Pittsburgh. She will join a party of college girls who are planning an extensive tour of Europe during the summer months. The party will depart for the Old World some time in June.

TEA FOR BUDD.
Miss Dorothy Fredericks entertained a number of her young friends Monday afternoon at a tea given at her home on the boulevard. About a score of attractive maidens enjoyed the affair. Miss Fredericks is planning to give a series of afternoon teas during the spring season.

WEDDING INVITATIONS OUT.
Mrs. Clement Charles Clay has issued invitations to the wedding of her daughter, Miss Madeline Rolf Clay, and Henry Warren Harrold, on Tuesday evening, April 22, at Level Lea, the Clay home in Fruitvale. Two hundred guests will be present at the ceremony at 9 o'clock, and a reception and wedding supper will follow the marriage service. Mrs. Jack Van Shelden, the former Miss Sue Harrold, a sister of the groom, will be matron of honor, and the bridesmaids will be Miss Marie Louise Tyson, Miss Harriet Stone, Miss Josephine Johnson and Miss Florence

MRS. I. V. DICKINSON OF STOCKTON, WHO IS VISITING MRS. FREDERICK ROBERTSON-HAMILTON IN OAKLAND.
—Hartscock Photo.

Henshaw. Little Julia Crawford, a niece of the bride-elect, will act as flower girl. Walker Henshaw will support Mr. Harrold as groomsmen, and the ushers will be George Bowles, Dudley Valentine, Frank Kales and Jack Van Shelden. Mrs. Clay will give her daughter into the bridegroom's keeping.

Mrs. Hardin Lake Crawford and her small daughter are expected to arrive from New York early in the week. Mrs. Crawford will be warmly welcomed by scores of friends upon her return to her former home, and several affairs are planned to make her visit enjoyable.

WEDDED YESTERDAY.
A number of friends on this side of the bay are interested in the announcement of the marriage of Miss Katherine Wells Rader and Wallace A. Sabn, which was solemnized yesterday by the father of the bride, Rev. William Rader. In the presence of the immediate relatives of the two families only. A wedding dinner was served at the Rader home in Berkeley last night. Both Sabn and his bride are well-known on this side of the bay. Sabn is one of the foremost musicians and organists of California, and a composer of note as well. He has taken a prominent part in the musical affairs of the Bohemian club, and composed the music for several of the most successful midsummer jinks of the club. Mrs. Sabn is the daughter of Dr. and Mrs. Rader and has a host of friends who have always admired her charm of manner. Mr. and Mrs. Sabn will occupy the Sabn home in Berkeley after the honeymoon and will perhaps go to Europe later in the summer.

DANCE LAST NIGHT.
About four score guests enjoyed a delightful informal dance in Berkeley last night at the home of Mrs. Emil Theodore Kruse, who chose that means of entertaining at a farewell for her place. Miss Dorothy Woodworth, who left today with her mother, Mrs. Selma Woodworth, for an extended sojourn in the East. The dancers include a number of the younger smart set, and the pretty frolic of the night made an attractive picture in Mrs. Kruse's handsome home. Among those who enjoyed the hospitality were Miss Florence Williams, Miss Corona Williams, Miss Juliette Perrin, Miss Adeline Smith, Miss Mary Gayler, Miss Myrtle Smith, Miss Joy Wilson, Miss Edna McDuffie, Miss Barbara Sutton, Miss Elsa Schilling, Miss Edith Clapp, Miss Marjorie Page, Miss Virginia von Loben Sels, Miss Ethel Wrampelmeyer, Miss Elizabeth Page, Felix Smith, Littleton Waller, Lieutenant Raymond E. Lee, Carey Hill, Benjamin Woodworth, Herman Pileger, Carl Pileger, Mr. Hayes, Robert McDuffie, Wesley Korgan, Leon Rowe, Sidney Howard, Mr. Sheffield, Mr. Buckingham, Mr. Andrews.

EN ROUTE TO MEDITERRANEAN.
Among the passengers on the steamship Berlin, which sailed for Naples and Genoa Saturday, were Mr. and Mrs. George Volkman, Miss Johanna Volkman and Miss Edith Treanor. The party will spend several months traveling on the continent. Other passengers from the coast were Mrs. James K. Armbray and Miss Cornelia Armbray.

MARRIED MONDAY NIGHT.
Miss Maud T. R. Brown of Alameda and Dr. Stanley Worth of San Francisco were married Monday night at the home of Mr. and Mrs. H. C. Lassen in Alameda. Reverend Everett Cooper officiating at the wedding service in the presence of a few relatives and friends. The bride was attractively gowned in gray cloth, with a picture hat to match trimmed in Alice blue plumes. Mrs. A. L. Brown, the guardian of Miss Brown during her minor years, gave the bride into the keeping of Dr. Worth. Mrs. H. C. Lassen and Mrs. Alexander Monroe, two

young matrons who have been lifelong friends of the bride, attended her during the ceremony. Robert Valleau was best man. The bride had made her home in Alameda with her guardian, Mrs. Nelson, for a number of years. Dr. Worth is practicing in San Francisco and after a wedding journey the couple will make their home across the bay.

BRIDGE TOMORROW.
Mrs. Edward C. Prather will entertain at her Piedmont home tomorrow afternoon, asking a number of society matrons for a bridge afternoon. She will be assisted in welcoming her guests by her daughter, Mrs. William C. De Fremery, who was Miss Edna Prather. Tea will follow the hour about the card tables.

AFFAIRS FOR BRIDE-ELECT.
Miss Vera Cope is a guest at the home of Mr. and Mrs. Howard Shinn in Piedmont after enjoying a delightful two-weeks outing at the Cope ranch in Contra Costa county. Mrs. S. F. Mikel will entertain in honor of Miss Cope next Tuesday at the Rader home in Berkeley. A luncheon to which a dozen or so guests have been invited. Miss Alice and Miss Lucy Shinn will give a sewing-bee in honor of the bride-elect on Thursday afternoon, April 24, entertaining about a score of guests at their home on Walsworth avenue. The wedding of Miss Cope to Rossiter Mikel will be an event of the early summer, and will probably be an elaborate church ceremony.

BRIDGE AT COUNTRY CLUB.
Mrs. Carl Bachelder has sent out cards for a bridge party to be given at the Claremont Country Club on the afternoon of Tuesday, April 15. About three-score friends are hidden to share Mrs. Bachelder's hospitality for the occasion.

ENTERTAINING TRAVELER.
Mrs. F. Shirley-Baker and Mrs. Charles W. Platt are entertaining Mrs. Henry Packham of New York at their home in Piedmont. Mrs. Packham is stopping for the visit while en route to Sydney, Australia, and will continue her journey April 5. Several affairs have been given in honor of the visitor and more are being planned during the week.

INVITATIONS FOR DANCE.
Mrs. Charles William Camm has sent out cards for a dancing party to be given at her home in Berkeley next Friday evening, April 4. The affair is in honor of J. Curtis Armstrong of Los Angeles.

WOMEN IN THE NEWS
GIRL SHOT IN DUEL WITH FATHER OF BETRAYER

Tennessee Woman Armed Demands Amends; Is Wounded.

JACKSON, Tenn., April 2.—Miss Esther Derry, daughter of Mr. and Mrs. R. W. Derry of Remk, Tenn., is in the hospital at that town suffering from gunshot wounds. She said to have been inflicted in a duel last night with R. C. McCommon.

Miss Derry says she appealed to McCommon to force his son to make amends for a wrong he had done her and that the elder McCommon shot her down. Members of the McCommon household say Miss Derry fired five shots at the elder McCommon, who replied with a shotgun. McCommon then fled. Young McCommon has been arrested.

Women Run Elevators.
TACOMA, Wash., April 2.—With the discharge of all the men elevator operators and janitors and the employment of girls and women for this work, the National Realty building yesterday inaugurated a new system of running elevators to the women which heretofore has been held to be exclusively male. Four women, all married, operate the elevators yesterday. All the men janitors were missing and in their stead women and girls were to be found working around the corridors of the sixteen-story building. The women are under the personal supervision of Mrs. Ada Stokes, who holds the title of matron and who takes the place of a "housekeeper" in any other kind of an establishment.

White Is Fashion.
NEW YORK, April 2.—Jacques Worth, the Paris couturier, disclosed yesterday for the first time since arriving in New York just what fashions his firm had decided upon for the spring and summer. Briefly, this is the edict: The prevailing color is white. The proper material is crepe de chine. The style is one of draped effects. Angel sleeves, those long trailing ones, are to be the vogue. The skirt is to be three-quarter length and just long enough so that the toes of the shoes show when the wearer walks. The slim girl is here to stay. Mr. Worth scores the slashed skirt.

Will Not Be Barred.
BOSTON, Mass., April 2.—Miss Florence Ward, a militant British suffragette, will not be barred from this country because she smashed a few windows in London.

Secretary Wilson so ruled yesterday and Miss Ward was given her freedom last night. She had been detained since last Friday, following action by a board of inquiry which found her deported because of her militant activities for which Miss Ward admitted she had served three months in jail. It was claimed by the local immigration officials that her work was "unlawful and turbulent" while Miss Ward and her supporters declared it was only a political offense.

Miss Ward boarded a train to visit a sick friend, the object, she said, of her visit to this country.

who is attending the state university. About thirty of the younger set in the college town have been invited, and Mrs. Camm will be assisted in receiving her guests by Miss Ruth Goodman and Mrs. W. T. Dinwoody.

ENGAGEMENT ANNOUNCED.
The engagement of Miss Alele Winks and John Krug, both of Alameda, has been announced informally, following the resignation of Miss Winks as an assistant librarian at the Alameda Public Library. She is the daughter of Mr. and Mrs. J. W. Winks, and is well known in musical circles. The wedding will take place in June and the wedding trip will be a trip on horseback through several California counties.

MILLS ASSOCIATION TOMORROW.
A meeting of the Alameda County Mills Association will be held at the home of Miss Helen Kimball, 775 Kingston avenue tomorrow afternoon, at two-thirty o'clock. Reports of committees and election of officers will be followed by an informal social hour.

ENGAGEMENT ANNOUNCED.
Mr. and Mrs. Conrad Helmke announce the engagement of their daughter, Miss May Helmeke and E. Y. Fisher of this city. Fisher is a member of the engineering staff of the Pacific Telephone Company.

BRIDGE IN ALAMEDA.
Miss Marie Louise Tyson has sent out cards for a bridge party to be given Wednesday afternoon, April 3, at her home in Alameda. The complimentary guest will be Miss Mildred Baldwin, whose marriage to James Lowe Hall will be celebrated April 22.

TO SAIL FOR EUROPE.
Mrs. Joseph M. Kelly and her sister, Mrs. Matthews, accompanied by Miss Jean McEwen of San Francisco, will leave on Thursday of next week for New York, where they will stay for a few days before sailing for Europe. They will remain abroad all summer, returning to the coast in September. A number of informal entertainments are being given as farewell compliments to Mrs. Kelly this week.

THE FRESH AIR STIMULANT

By LILLIAN RUSSELL
Copyright, 1912, by Lillian Russell.

FROM among the countless thousands of girls in this country who work six days out of the week there is being recruited an extensive army, which threatens the welfare of the nation. I refer to those who, neglecting proper care of themselves during working hours, are becoming physically weak and nervous—all members of a constantly growing band of neurasthenics, who fret and scold the live-long day. My observation has been that men and women alike—but largely women—are suffering because they do not exercise intelligence in taking care of themselves during working hours. Women forget that the offices or stores in which they work are their day-time homes. Before going to work they will spend an hour dressing their hair or arranging their dress, as if going to a reception. They will tax their mental powers in the direction of personal appearance, yet through misdirection of thought and energy the most important attributes in the development of personal appearances are absolutely neglected. The average woman does not seem to realize that good health is the primary foundation of good looks. She will be much better off, instead of spending hours in primping, she devotes a fraction of the time to sensible living.

My advice to every woman is to pay dutiful attention to the care that is due the body. Do not rush through meals. Take half of your lunch hour for the specific purpose that period is intended for. And be careful of the selection of foods. Do not shock the stomach by continually feasting upon iced creams and drinks, and do not substitute a wafer or an indigestible cake when substantial food is needed. Get out in the air whenever it is possible, for oxygen is the greatest blood purifier in the world. Fresh air is the artist who originally painted the rose blush on the cheek of woman. Remember this while you are indoors as well as out, and breathe deeply. And every day set aside a minute or two for thoughts on ventilation, whether it be in the office, store or home. And a like attention should be given to food and to the bath.

A certain amount of exercise should be taken every day, the form to be suited to the character of the work being done. The stenographer, for instance, gets plenty of exercise for her arms and shoulders, but she should walk considerably after business hours and she should practice deep breathing to make up for the idleness of limbs and breathing muscles while she is seated before a typewriting machine. Each working girl and woman knows best which exercise best suits her circumstances and should make it a duty never to let it be neglected. I know that many will say that they are tired enough after a day's work without going through a lot of exercises. But think of the penalty—abnormal development, or lack of development; sacrifice of grace; above all, loss of health—which follows neglect. Remember, the working girl of today is the mother of tomorrow, and the human race depends upon the health of its women.

Lillian Russell
Answers to Queries
HAZEL—Excessive dryness of the skin may result from a natural insufficiency of fat secretion or from persistent unsuitable treatment of the skin. If you have been using strong spirit lotions the present condition of cracking, peeling, and burning is easily accounted for. Stop using soap and water for awhile and cleanse the face with sweet olive or almond oil. The application may be used with pieces of absorbent cotton and any excess of oil may be wiped off with a soft cloth. At night massage the face with a good skin food.
MRS. T. G.—There must be some cause for your constant headaches. Are you sure it is not your eyes? I

LILLIAN RUSSELL
Copyright Photo by Schloss, N. Y.

would advise you to consult an oculist in regard to it and have your eyes examined. Do not let it go any longer. One cannot be too careful in regard to the eyes. You may have strained them some time and if they are taken in time it may save you a great deal of trouble.

GEORGE—Indeed, I do answer queries from men. No, a man's finger nails should never be pointed. File them to conform to the shape of the finger tips and to extend slightly beyond. Keep the cuticle well loosened and smooth; cut it only when necessary. Polish the nails slightly, but use no tint. It is not effeminate for a man to keep his nails in good condition; it is only a mark of neatness and refinement.

P. T.—Cold hands are usually caused by poor circulation. There is nothing better for poor circulation than exercise in the open air. Get out more into the open air. Take long walks. Practice deep breathing. After bathing rub handfuls of damp salt over the body. Rinse off with a bath spray, then rub the body briskly with a rough Turkish towel until it is glowing.

MISS G. U.—To prevent acidity in the mouth take a bit of milk of magnesia into the mouth and allow it to penetrate every nook and corner. Dampen your toothbrush with peroxide of hydrogen and brush the teeth with this once a week. It will bleach them. I shall be happy to send you instructions for caring for the teeth.

MRS. J. R.—I think in time the mark on your nose will disappear. However, you might try massaging it gently with a good skin food or cream each night. This will help to make it disappear.

Gay Colored Tagal, Straws—Satin or Pebble, Form the Foundation, White Garlands of Roses or Wreaths of Ostich In Quiet Colors Are Specially Held in Place by Dainty Nosegays.

Whether You Pay \$16.50 or \$12.50 or Less, You Get Charming, Distinctive Hats at Magnin's.

Much as the Parisienne loves her youth, she loves her chic more; and to be chic she gives special attention to her hat. Hats are enchanting, anyway, whether in Paris, or in San Francisco, especially those at Magnin's.

For instance, take this black tagal in the new sailor shape, with its turquoise ostrich fancy held in place by a pink grosgrain sash and melting pink roses. At \$16.50 it is a chic hat for a smartly-frocked woman.

Maria Louise roses, black tagal and ostrich giraffe form a wonderfully picturesque hat, especially when the picture is white, tipped off with London smoke. At \$16.50 here is a charming, picturesque chapeau that is suitable for a formal or informal function.

At \$16.50 one expects to find gay, charming and girlish hats, but real elegance one expects to cost more. Not so at Magnin's. For example, look at this French pebble straw in ashes of roses, that wonderful color which all really refined persons love. A luxuriant ostrich fancy hugs the crown in great billows. A cravat of

superb ribbon in self color mounts the crown in algerette form. Here and there are gay little bunches of Japanese fruits.

As against this dignified elegant hat there is a corse hemp, edged with two-toned burgundy roses in corse and burgundy. A panache of burgundy ribbon stand perkily upward at the left side. At \$16.50 it is very smart for the new three-piece frocks in white eponge and gay little colored

100 Waists

Silk and Chiffon

Formerly \$25

Now \$5.95

All Sorts of Novelty

Decorations

Colors: White, Brown,

Taupe, Cream.

coats in our Ready-to-Wear Department.

If \$16.50 is more than you want to spend for a corse hemp, here is a gay little corse hemp garnished with roses and Japanese fruits and all at \$12.50.

White hemp, burgundy lilacs and American Beauty roses and exquisite moss green velvet ribbon is an exquisite combination at any price, but at \$12.50 it is the most tempting model in the Magnin case.

Tailored Suits the Basis of Every Well Arranged Outfit

Next Comes the Dressy Frock and Decorative One-Piece Dress.

Jeanne Lavin Copy at \$37.50—The Best Tailored Suit of the Season—On Sale at Magnin's.

At Magnin's there are smart tailored suits and pretty frocks that would delight the most exacting, but one of the most attractive is a copy of Jeanne Lavin's own tailored suit which was so favorably commented on at the Spring openings. Of soft novelty cloth in ink blue, it has a long shawl collar of black Ottoman silk. Garniture on skirt. Black braid.

Its simplicity is its charm. Yet its quality and tailoring are considerations not lightly to be passed over. There are eponges, matelasses, novelty wools, in all the attractive colorings and in shepherd's checks and pique de poule.

There are garnitures of net and printed linens; of hand embroidery and gay silks, but in every instance, the suit has been chosen for its distinction of style as well as its elegance of material. Prices range from \$25 up, and there is a wide range of sizes and colors in these smart suits that are coming every day.

ARMY OF WOMEN RELIEF WORKERS INVADE OAKLAND

DOLLAR TAGS
SOLD BY
WOMEN

Military Fighting Organization
Headed by Mrs. F. K. Mott
Takes City by Storm.

Fair Workers Given Strong
Support by Progress and
Prosperity Committee.

The day opened with a combined attack along the Oakland lines for the relief of the army hemmed in by the floods in Ohio and Indiana. No sortie warned the attacked parties of the real opening of the campaign—the onslaught was general and the surrender complete. Sharp skirmishing was noted about noon in the vicinity of the downtown office buildings and factories as those who were entrenched during the morning were forced to leave their positions in search of food and few returned to their labors without having met the demands of the fair relief army.

What? Why, flood relief day! Who? None but the military organization under Mrs. Frank K. Mott made up of the prominent women of the city working under E. B. Bull of the progress and prosperity committee of the Chamber of Commerce.

Who won the day? Foolish question! But the number of those killed or otherwise slaughtered will not be known until this evening, when the helping hands are totaled at the Chamber of Commerce and Treasurer James P. Edoff of the central relief committee is ready with an express wagon to carry the complete returns to the strong vaults, where it will be held until morning.

BIG RETURNS EXPECTED. Judging by the early returns of the day the final count is expected to run up to the brightest expectations of the people of Oakland and this evening and tonight when the campaign will be warmest it is believed that the women will sell themselves in the midst of a people who are only too ready with their sympathy in responding with the dollar that is being asked for the tags.

Mrs. H. W. Wheatley led an advance army in the downtown district and established a record by returning before two hours had elapsed with \$70 that she had collected for tickets and several odd dollars that had been given her in small change.

The banks, stores, office buildings, railroad trains and every conceivable public place was invaded by the hundreds of willing soldiers, while every doorbell in the city was rung by the ladies who tagged unmercifully, though with smiles all the while, for the noble cause in which they were putting forth their best efforts.

JUNIOR BRIGADE. Twenty boys, known as the juniors of the progress and prosperity committee, under N. Lubarsky and F. W. Fisher, worked under direction of E. B. Bull, head of the militant force, and did good work throughout the public schools. In the tenth division, in East Oakland, the Native Daughters of the Golden West worked with Mrs. J. H. Roos.

At the meeting in the Chamber of Commerce last night the ladies were assured that there was to be no failure, that they would be assisted by every member of the progress and prosperity committee. Each division commander reported that full arrangements had been completed. Mrs. Lucy Barker, with an exceptionally large district to cover in East Oakland from Fruitvale avenue to Stanley road, asked for more help and workers with automobiles were promised. Dr. G. B. Clow, Charles F. Gorman, L. H. Kahn, E. F. Coffey and others spoke in the interests of the campaign.

FUND IS GREAT. WASHINGTON, April 2.—Total receipts of the Red Cross for the relief of flood sufferers reached \$815,000 today.

PRETTY FLOWER GIRLS. A host of pretty young maids of the most exclusive set will sell flowers and programs at the benefit performance for the flood sufferers at Ye Liberty tomorrow afternoon. Mrs. Frederick Page Cutting, assisted by Mrs. Sam Bell Wakefield, is in charge of the flower and program committee and the attractive belles and buds who will help them include Miss Hazel Ingersoll, Miss Margaret Black, Miss Helen Dahn, Miss Mildred Wells, Miss Etha Musser, Miss Edith Schrock, Miss H. Lowell, Miss Berrita Fisher and Miss Muriel Zahn.

The patroness list includes a number of the most prominent society women in Oakland and each and all are bending every effort to make the benefit a huge success for the sake of the destitute sufferers who have lost their homes and possessions in the recent disasters. The patronesses are: Mrs. Frank Cotton, Mrs. Harry East Miller, Mrs. Wickham Havens, Mrs. Edward Howard, Mrs. William Letts Oliver, Mrs. Roland Oliver, Mrs. Philip E. Rowles, Mrs. Charles D. Bates, Mrs. Edward Lacey Braxton, Mrs. Willard Williamson, Mrs. H. C. Capwell, Mrs. W. G. Henshaw, Mrs. Maurice Walsh, Mrs. Edson F. Adams, Mrs. Frank K. Mott, Mrs. M. J. Layman, Mrs. Frederick Page Cutting, Mrs. Sam Bell Wakefield, Mrs. Kendall Morgan, Mrs. Charles Minor Goodall, Mrs. Tyler Henshaw, Mrs. A. D. Thomson, Mrs. Harry Bishop, Miss Mollie Connors, Miss Annie Florence Brown, Miss Ethel Moore.

PLAN BENEFIT DANCE. A benefit dance will be given Friday night at the Franklin school under the auspices of the Franklin School Mothers' Club for the benefit of the flood sufferers in the East. Tickets for the dance will be 25 cents and lemonade will be served during the evening. The mothers' club has been holding monthly dances for the young folk of Franklin school and the neighborhood at the schoolhouse for some time, and the dance on Friday night will take the place of the regular monthly dance. The committee of arrangements is headed by Mrs. A. M. Beebe and include Mrs. C. E. Robinson and Mrs. J. A. Bolin.

ALAMEDA, April 2. No more will pleading, smiling, coquettish tag day maidens promenade the streets of Alameda selling tags. If the demonstrative resolution adopted by the High School Mothers' Club is made the governing rule of tag day undertakings in the island city, the High School Mothers' Club holds that maidens selling tags are subject to flippant remarks, light conduct for the dance will be 25 cents and lemonade will be served during the evening. The mothers' club has been holding monthly dances for the young folk of Franklin school and the neighborhood at the schoolhouse for some time, and the dance on Friday night will take the place of the regular monthly dance. The committee of arrangements is headed by Mrs. A. M. Beebe and include Mrs. C. E. Robinson and Mrs. J. A. Bolin.

Dependent over ill health, George B. Ingersoll, for nine years an attaché of the district attorney's office, committed suicide last night by inhaling illuminating gas at his home, 569 Mead avenue. The body was found by his wife, Mrs. Martha Ingersoll. A physician was summoned, but life was already extinct. No message was left by Ingersoll.

(Continued on Page 14, Col. 7)

AMONG THE TAG DAY WORKERS: R. H. ADAMS IS BEING TAGGED BY MRS. FRED HALL. THE OTHERS IN THE PICTURE ARE (LEFT) MRS. HENRY ZEIMER AND MRS. RALPH KAISER.

Commerce last night the ladies were assured that there was to be no failure, that they would be assisted by every member of the progress and prosperity committee. Each division commander reported that full arrangements had been completed. SCION OF OLD
FAMILY ARRESTED

Frank Valencia Arraigned on a Charge of Passing Fictitious Check.

Frank Valencia, descendant of the old Valencia family after whom Valencia street in San Francisco was named, was arrested today and arraigned on a charge of passing a fictitious check. It is understood that young Valencia has been in trouble before, but that his mother, Mrs. Valencia of San Francisco, has assisted him to avoid being prosecuted.

The complaining witness is E. W. Porter, a cigar dealer of 436 Thirteenth street, on whom Valencia is alleged to have passed a check for \$6.60, made out on the Union Savings bank and signed "J. W. Stewart." The check was returned marked no account.

Suicide Was Wife of Col. J. A. Hull

Prompted by Grief at Separation From Husband Ordered to Philippines.

OMAHA, April 2.—The woman who on Monday night jumped from the Douglas street bridge into the Missouri river and was drowned, was identified today as Mrs. Grete Chase Hull, wife of Col. J. A. Hull of the United States army. Col. Hull is a son of former Congressman Hull of Des Moines.

Col. Hull was recently ordered to the Philippines and it is supposed that grief at a separation from her husband prompted Mrs. Hull's act. Col. and Mrs. Hull were visiting friends in Council Bluffs when the order came from the war department and Col. Hull left for the islands Saturday last.

SERVICE IN UNITED STATES. NEW YORK, April 2.—Funeral services in this country over the body of J. Pierpont Morgan will be held in this city at St. George's Protestant Episcopal church. Interment will be at Cedar Hill cemetery, Hartford, Conn., Morgan's birthplace. The dates will be decided later.

This brief announcement was made this afternoon by Henry P. Davidson of J. P. Morgan & Co.

Authorize Annexation of San Mateo County

SACRAMENTO, April 2.—A constitutional amendment authorizing the city of San Francisco to annex San Mateo county or any portion thereof upon a majority vote of the residents of both San Francisco and the district to be annexed was approved in the Senate today without a dissenting vote and will now go to the Assembly for concurrence.

Body to Be Placed on Board Liner Sailing Saturday

ROME, Italy, April 2.—A funeral service of simple and impressive character was held today over the body of J. Pierpont Morgan. The mourners were very few in number. They stood amid a profusion of floral tributes sent by friends from many countries.

Beside Mr. and Mrs. Herbert L. Saterlee, the son-in-law and daughter of the decedent, stood Miss Helen M. Hamilton, his granddaughter; Thomas J. O'Brien, United States ambassador, and Mrs. O'Brien, Professor Giuseppe Bastianelli, Dr. Allen M. Starr and Dr. George A. Henshaw, three physicians who had attended him during his illness; Mrs. Woodworth of New York and Charles Lanier of New York.

Later in the day arrangements for the dispatch of the body to the United States were discussed. It will be sent by way of the Simplon railroad through Switzerland and France to Havre, where it will be placed on board a liner sailing Saturday.

On request of Ambassador O'Brien today, the Italian government immediately granted all the necessary concessions to have the body leave on an express train at 6:15 o'clock tonight, reaching the Simplon tunnel tomorrow morning.

The coffin will occupy a special car draped with black and silver fringe. Next to the funeral car will be a sleeping car for Mr. and Mrs. Saterlee.

HUSBAND BATTERS
ALLEGED AFFINITY

W. B. Jones Attacks Berkeley Man and Three Are Jailed.

When W. B. Jones entered his home last night he was not greeted by his wife, and the house was cold and dark. He says he waited around for a while, and then went out to investigate. After wandering the streets for several hours he declares his wife came from a cafe at Eighth and Broadway with Leon J. Vorland, of 1037 Channingway, Berkeley.

Jones shouted: "That's my wife you're with. I'll make you pay for this." Vorland turned only in time to put up his fists to guard himself. Jones struck him a heavy blow in the face, knocking him to the sidewalk.

A crowd gathered around the combatants, and Mrs. Jones attempted to interfere. The police were summoned and Patrolmen Nelson and Davis placed the three under arrest.

Mrs. Jones and Vorland were booked at the police station. Jones was booked for battery, but as no complaint was filed this morning the case was continued. Mrs. Jones and Vorland failed to appear in court and bail was forfeited.

DELAY GRANTED COURTNEY. On the request of counsel the four felony embezzlement cases against George W. Courtney were continued to May 1, to give the defendant a chance to return the money he is alleged to have taken from four teamsters. The return of the money will be made with the understanding that the case will not be dropped.

RICHMOND THE
WONDER CITY

From Farm Lands to Pittsburg of the West in Ten Years.

The wonderful growth of Richmond has caused more comment throughout the United States than any other city. It was only a few short years ago that Richmond was nothing but a grain field. In the ten short years, fortunes have been made by the investors in Richmond real estate.

Large factories are vying with one another to secure manufacturing plants in this city, as the shipping facilities are unequalled in the west. In the near future Richmond will be the largest manufacturing center on the Pacific coast.

As a commercial city, Richmond is bound to make even greater strides in population in the future than she has in the past. Property values are on the increase and those that invest their money now will reap a handsome reward.

In our classified pages, column 15, will be found a list of advertisements of the best real estate locations in Richmond.

VICTOR TALKING MACHINES, SHEET MUSIC AND MUSICAL MERCHANDISEFourteenth and Clay Streets—Oakland
Kearny and Sutter Streets, San FranciscoTHREE-ACT DRAMA TO BE
FIRST PLAY OF SOCIETYMISS ISABEL MUEH, TALENTED AMATEUR ACTRESS, WHO WILL
HAVE PART IN "THE PARISH PRIEST."

SAN FRANCISCO, April 2.—Under the directorship of Rev. Father Townley the newly organized dramatic club of St. Dominic's parish will present as its initial play a three-act drama, entitled "The Parish Priest."

Included in the cast are several talented amateurs who have taken part in many notable amateur plays around the bay, namely, Miss Isabel Mueh, Miss Helen Erickson, and William Keegan. The young people have studied faithfully their respective parts, and a finished performance may be expected.

After years of close study of social conditions in New York, Boston and other large eastern cities Father Townley considers amateur theatricals one of the best instruments to furnish wholesome entertainment for his young parishioners. The first performance will be on Saturday afternoon at St. Dominic's Hall, Pine street, near Steiner.

Father Townley who directs the dramatic club is well known in San Francisco, having attended the St. Ignace College, afterwards going to Washington, D. C., where he was ordained four years ago.

INDUSTRIES TO BE SHOWN
IN FIVE MILES OF AUTOSVisiting Boosters to See Oakland Factory
Output on Display

Nearly five miles of automobiles and trucks will pass before the thousand visiting boosters of Contra Costa county Saturday afternoon when the industries and attractions of Oakland will be shown in the great industrial parade which will celebrate the opening of the Oakland, Antioch and East-ern line and the visit of the guests from the neighboring county. The visitors will occupy seats of honor at windows of buildings along Broadway on each side of Fourteenth street and the great parade, which will form at Twentieth and Broadway, will proceed past them and down town.

The committees in charge of the affair, headed by W. W. Keith and Fred E. Reed, met yesterday to perfect arrangements. Meetings will be held every day until Saturday and entries for the big parade recorded. Already practically every factory has pledged a truck or auto bearing an exhibit and the school children of Oakland have been asked to take part. The Manual Training and Commercial high school is planning an exhibit of student work to form one of the features of the parade. The White Oaks, the drill team of the Elks, the Shriner's band and several other organizations have been enlisted in the project. The committees in charge, besides being composed of prominent progressive and prosperous citizens, members, also have on the lists practically every important business and professional man in the city, as well as a number of public officials who are taking a keen interest in the work.

SPECIAL FEATURES.
A special feature of the big parade will be the decorations. Already work has been started, under the direction of Irving H. Kahn, on the decoration of windows along the line of march. The public buildings will be gay with flags and bunting, this feature being in the hands of a committee headed by Commissioner Harry S. Anderson. Commissioner William J. Baccus and Supervisors John F. Mullins and Fred W. Foss.

P. H. Hanrahan will act as grand marshal. He will be preceded by Chief of Police Peterson and a squad of patrolmen and behind him will follow a number of women riders, attractively costumed, and bearing banners with the inscription "My City—Oakland." The school children will probably follow these. George Mason will be aide to Hanrahan.

Behind the school children will come Battery B of the National Guard, under the direction of Captain R. J. Faneuf. The artillerymen will bring their cannon and all of the guns in the armory will be on display. Following the artillery will come the floats, trucks and autos representing Oakland's manufacturing interests. These will include many exhibits from Oakland, Berkeley and Alameda factories, as well as a number of floats from local business houses. The entire county and its industries will be represented in the parade.

GOOD ADVERTISEMENT.
"This is the best possible method of attracting attention to our resources," said Fred E. Reed, vice-chairman in charge of the parade. "We could devise other methods of entertainment, but they would not bring forward so strikingly the many attractions of Oakland. By parading our industries before their visitors we will show graphically just what we have in this city. Not only that, but we will show even our own citizens a

few things they never knew before. The plan is one that I think will have the greatest of results. Oakland has been needing something of the kind. This opening of the railroad, which is to bring new business openings into Oakland, will furnish the motive."

Beside the parade a number of features have been planned for the further entertainment of Oakland's guests. A special baseball game will be played at the new ball park for the visitors and a special car will take many on rides about Oakland's points of interest. The city hall, Idora Park and Hotel Oakland will be inspected.

The visitors will be met at the Oakland Antioch station, Fortieth and Shafter, by Mayor Mott and the city officials. Special cars and autos will be in waiting and after an address of welcome by Mayor Mott the visitors will proceed down Broadway. At the corner of Fourteenth they will alight and be escorted to the seats of honor prepared for the viewing of the parade.

SPECIAL "STUNTS."
Several special "stunts" are now under way for the big entertainment to be accorded the guests. The great lumber works at Bay Point is to call a holiday and the workers will come down with the boosters' train to Oakland. General Manager H. A. Mitchell will be on the train with the boosters, who will make the trip under the auspices of the Walnut Creek Business Men's Association and the other commercial organizations of the section. Bay Point, Antioch, Walnut Creek, Martinez, Lafayette, Happy Valley and other towns along the line and in the neighborhood of the new road will be represented at the big excursion. George Crompton of Walnut Creek, Secretary A. A. Denison of the Chamber of Commerce in Oakland, and the progress and prosperity committee officers are holding constant conferences as the plans mature.

The trains bearing the boosters will probably arrive at an early hour in the afternoon unless plans can be made for a morning train, which would give the visitors time for luncheon before the parade. This feature is now being taken up with the railroad men. As present arrangements stand the parade will take place about 2 p. m.

80-YEAR-OLD GROOM
SECURES BRIDE'S ESTATE

LOS ANGELES, April 2.—The \$75,000 estate of Mrs. Marcelina Ellsada Leon, the centenarian, who died seven days after her marriage to 80-year-old Pleasant Leon, was involved today in litigation when her grandson, Vincento Lugo, petitioned the Superior Court to appoint an administrator.

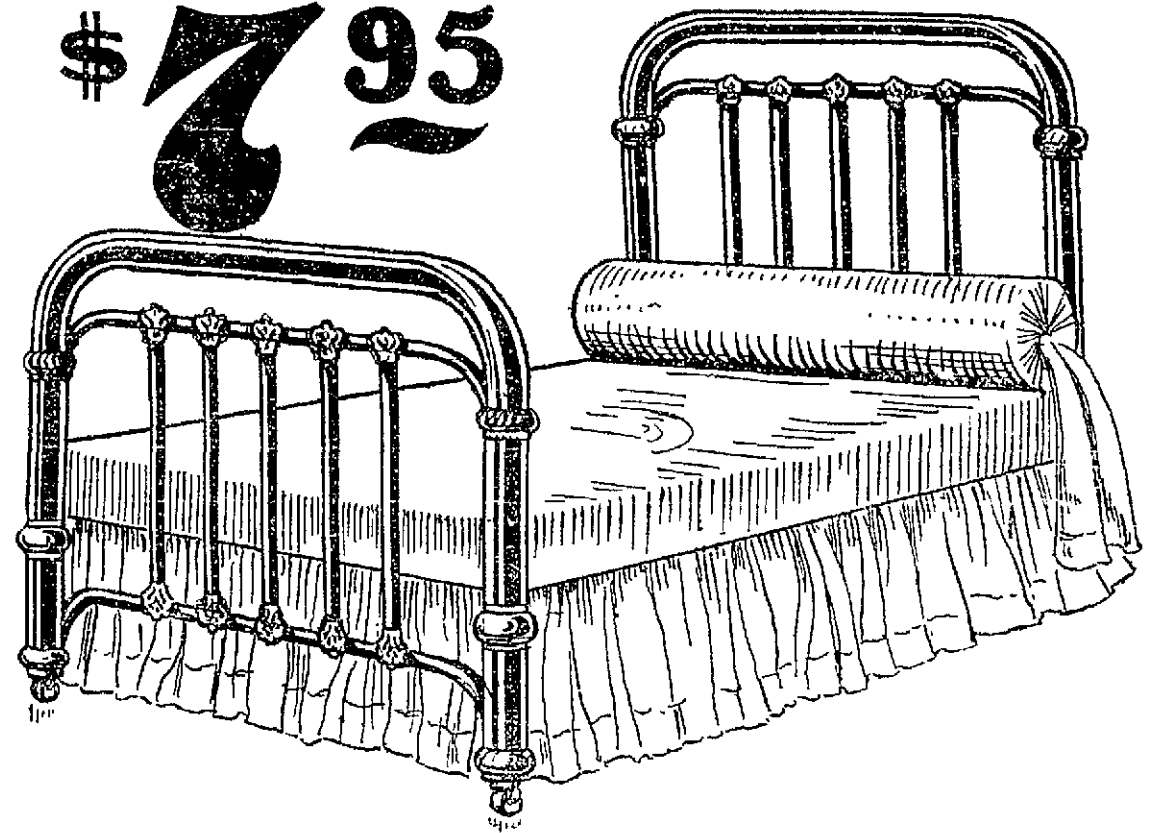

The estate, which consists largely of realty, is asserted by relatives to have been deced almost entirely to Leon by his aged bride shortly before her death and they alleged he used undue influence to obtain the property.

SAVINGS BANK SUNDRIES.
ATLANTA, Ga., April 2.—The City Savings Bank of this city, at the request of its directors, went into the hands of the state treasury department today following a small run on the institution yesterday. Officers of the institution declared that the bank's 1700 depositors will receive 100 cents on the dollar.

It's Fun to Clean House With a "Frantz Premier"

The machine does all the work—just as easy to operate as a child's toy. Weighs only nine pounds. You forget the dust pan, brush and broom because you "Frantz Premier" is water set and use. And it cleans CLEAN. No hard pushing, pulling, stooping—no real effort. For sale in Oakland exclusively by Breuner's. Easy terms—\$1.25 per week.

\$7.95

13th & Franklin Sts.GENERAL STRIKE
BEGINS AT NELSONFederal Labor Unions Mem-
bers Out Excepting Only
the Carpenters.

NELSON, B. C., April 2.—With the exception of carpenters, all members of the Federal Labor Union, acting on the orders of the trade and labor council, went on strike today, and what amounts to a general strike is in force in Nelson. Included in those on strike are painters, pipe layers, quarrymen, mortars, mixers, bricklayers, carpenters' helpers, hod carriers, plasterers, machinists and electricians. The demands which the employers refuse to grant included higher wages and shorter hours. Employees of the civic power plant may go out late today, and if they do, the light and power of the city will be shut off.

CIVIC CENTER MEETS.
SAN LEANDRO, April 2.—The Civic Center held a big meeting yesterday afternoon in the Library auditorium. Several interesting reports were made by the members of the center, while book on citizenship was taken up.

FORFEITURES AND
FINES DECREASEAbout Half the Total of Recent
Years for Same
Month.

Fines and forfeitures in the two police courts for the month of March amounted to about half the total of recent years for the same month. In Department No. 1 Clerk of the Court Fred Donahue collected \$2241, while Clerk Ed Talbot collected \$2555 in No. 2, making a total of \$4795. Before Chief of Police Walter J. Petersen took charge the Chinese lotteries were allowed to run, but were raided each month and were permitted to forfeit bail. This raised the revenue of the courts over the present figures. Arrests for the past month numbered 934.

COUGHS AND CONSUMPTION
Coughs and colds, when neglected, always lead to serious trouble of the lungs. The wisest thing to do when you have a cold that troubles you is to get a bottle of Dr. King's New Discovery. You will get relief from the first dose, and finally the cough will disappear. O. H. Brown of Muscadine, Ala., writes: "My wife was down in bed with an obstinate cough and I honestly believe had it not been for Dr. King's New Discovery, she would not be living today." Known for forty-three years as the best remedy for coughs and colds. Price 50c and \$1.00. Recommended by Oskood Bros.

Broadway & 14th StreetPROGRESSIVE PARTY IN
SOUTH IS BADLY SPLIT
Political War of Wide Proportions Breaks
Out in Los Angeles

LOS ANGELES, April 2.—A political war of wide proportions has broken out here, with indications that the Progressive Party in this city will be rent in twain. Edwin T. Earl, proprietor of the Express and the Tribune, directly charges that Meyer Lissner, Marshall Stimson, Russ Avery and other Progressive leaders, with whom in the past he has worked hand in glove, have conspired to turn the party over to the Reactionaries, insofar as Los Angeles is concerned, and that as a reward for the treachery Lissner is to receive the united support of the "unholy alliance" for Mayor.

The Tribune yesterday devotes almost an entire page to its attack upon Lissner, Stimson and Avery, and the Express of Saturday afternoon also gave considerable space to the same men.

Lissner and the other Progressives assert they are still faithful to their party and that the reason they went into conference with representatives of the "Old Guard" was to agree upon a candidate for Mayor who would be big enough to fill the place and stand before the voters not as a representative of any newspaper or any faction, but as a representative of all the people.

The accused Progressives allege that a crisis has been reached in municipal affairs owing to the recent adoption of Charter Amendment No. 7, whereby the local administration was voted out of office, thus throwing the city into the turmoil of another campaign. Realizing, they assert, that the situation calls for the getting together of all men who have the good of Los Angeles at heart, they went into conference with the representatives of other political factions in the hope that a candidate could be picked out who would meet requirements.

CHARGE BETRAYAL PLAN.
Earl contends that not only has Lissner been promised the support of this new alliance for Mayor, but that Lissner is prepared not only to turn the Progressive Party over to the reactionaries, but to deliver the control of municipal affairs into the hands of predatory corporations.

The Socialists have named Job Harman again as their candidate for Mayor, and it is asserted that the "unholy alliance" was organized for the purpose of drawing together all elements opposed to his candidacy in order that a man could be put forward who would receive united support and be in a position to win victory from the Socialists.

The Examiner of this city makes the claim that William Mulholland, the engineer in charge of the big aqueduct project, will be the choice of the new alignment for Mayor. If so, assert followers of Earl, it will be because of the attacks by the Express and Tribune on

Lissner, which, they claim, have made his candidacy impossible. These same Progressives, while admitting that their party, locally speaking, will suffer loss through the Earl-Lissner split, contend that this will be more than offset by the gains that will follow because of Lissner's elimination, asserting that many good citizens view him with suspicion.

CONFESSES FORGING
CITY'S PAY CHECKS

SAN FRANCISCO, April 2.—When discovery of his forgery of signatures of city employees on municipal pay checks was impending, James Grant Wallace, head timekeeper for the board of public works, confessed that he had cashed these pay checks to the amount of \$1506.50 and appropriated the money. At a conference of Public Works Commissioners Judell and Fraser, with other city officials, it was agreed to accept repayment of this amount, which was made by Wallace's father, and also to say nothing about the timekeeper's violation of law.

Wallace's confession was made to the head of his department, Leonard S. Leavy, the chief bookkeeper of the board of public works, last Saturday morning.

After Wallace told Leavy of his delinquency he said that his father, William Wallace of the First National Bank of Omaha, would probably make good the amount. Leavy consented to telegraph to the elder Wallace.

This telegram was sent early Saturday forenoon, and before noon Leavy, whose name was signed to it, received a telephone call from the First National Bank of Omaha, which informed Leavy that \$1516 had been telegraphed from Omaha.

ROBERT GRINDLAY
IS PAID TRIBUTEFriends Banquet Member of
Sunset Staff; Will
Travel Far.

A banquet was given in the Hotel Oakland last night by the managers and employees of the Sunset Grocery to mark the departure of one of the staff, Robert Grindlay, for his home in Scotland. Speeches and songs filled in a very enjoyable evening. Toasts were proposed by J. Bradley Spaulding, J. Maguire, J. Higginson and W. Spaulding. The speakers were J. Kline, W. Spaulding, J. Bradley, J. Jones and J. Matches. S. Erick, R. Grindlay, A. Bremer, R. Disher and J. Higginson contributed songs. A recitation was given by R. Wiley, C. Beck and George Mackay were the accompanists.

At the close of the entertainment Grindlay was presented by W. Arlew on behalf of the staff with a handsome job.

Those present at the banquet were: T. Fleming, W. T. Arlew, C. Beck, R. Disher, L. Erick, C. W. Dennison, A. Bremer, R. Grindlay, G. Mackay, W. Fairmont, W. Spaulding, J. Maguire, D. A. Elkins, C. Bralnard, J. Higginson, J. Matches, J. Olsen, J. Kline, J. Bradley, P. Jones and R. Wiley.
